If you have a problem reaching an emergency number, dial "0" operator. Tell the operator the number you are calling from, the type of help needed, the community name and the street address. Stay on the line with the operator.

Warning

Emergency calls on party lines—State law requires you to hang up the receiver of a party line telephone immediately when told the line is needed for an emergency fire or police call or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.

For Help Go To GTEKEY Page 3

BILL CONTENTS

After ordering telephone service, we will send you a bill covering:

- Installation costs
- Local service charges (prorated)
- Long distance calls (if any)
- Advanced billing of next month's local service

Subsequent bills will include charges for:

- Local service charges (one month in advance)
- Long distance calls (if any)
- Miscellaneous charges
- Any unpaid amount

BILLING QUESTIONS

If you have questions concerning your bill, see **WHERE TO REACH GTE.**

PAYMENT PROCESSING

We can process your payment faster when you pay your monthly bill by mail. Just detach the stub portion of your bill and note your area code and telephone number on your check. Please use the return envelope enclosed with your bill. Do not send cash.

PAYMENT DUE DATE

Payment is due as indicated by the date on the bottom of the bill. A bill is late if not received by the due date, and a penalty charge may apply. If you cannot pay your bill by the due date, please call the number shown on your bill. Repeated late payments can damage your credit rating and result in disconnection.

DISCONNECTION/RECONNECTION

Customers will receive a Notice of Account Past Due for late payment, and service will be disconnected if payment is not received within five days. All late charges must be paid before your service can be reconnected. You will also have to re-establish credit, and as a result, a deposit will be required. Finally, you must also pay to have your service reconnected.

SELF CHECK

If you have a problem with your telephone service, it can be one of three things. To help determine the source of the problem, here are some tips that may save time and help you avoid a possible service charge:

Outside Line Problem
- No dial tone on all phones
- Can't call in or out on all phones
- Get cut off when talking on all phones
- Noise or static on all phones

Telephone Problem
- Stuck push buttons
- Worn cords
- Broken cord clips
- Stuck receiver buttons

Inside Wire Problem
- A phone works in one jack but not in another
- Loose or broken phone jack

SERVICE

When you have a service problem, we'll do our best to locate and clear up the trouble. Depending on the source of the problem, the following guidelines will apply:

- **Outside Line:** GTE maintains your lines as a part of your basic monthly rate.
- **Inside Wire:** Unless you request our Lineskeeper® or Lineskeeper PLUS® Service (see **GTE CATALOG**) you are responsible for repair and maintenance. You may hire a vendor or handle the repair yourself.
- **Telephone:** If you rent from GTE, repair is included in your monthly fee at no extra charge. If you own your telephones, you are responsible for repair and should follow the warranty instructions.
- **Telephone & Line Care:** Ever wonder what happened to the good old days when the phone company took care of everything—including the telephone—right in your home? Well—with Telephone & Line Care (TLC) from GTE, the good old days are back. Call **1 + 800 483-4852** for more details.

TELEPHONE SAFETY

Do NOT use the telephone near water. Water contact could cause electrical shock.

Do NOT use the telephone during an electrical storm in your immediate area. Calls of an urgent nature should be brief. Although GTE uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. If you use the telephone during a nearby electrical storm, there is a remote risk of a dangerous electrical shock from lightning.

GTE provides primary overvoltage protection at the customer's premise. Secondary overvoltage protection to prevent damage to terminal equipment (modems, answering devices, etc.) connected to the telephone network interface is the customer's responsibility. GTE assumes no liability for electrically damaged terminal equipment (modems, answering devices, etc.) due to power or lightning surges unless such equipment is covered by a GTE warranty and/or a maintenance agreement.

Do NOT use the telephone to report a gas leak. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset. While unlikely, this spark could trigger an explosion.

It's in the bag.

SERVICE

To order, change, or stop service, call your GTE Customer Contact Center. Our customer service representatives will be happy to explain the types of services available. Please provide the following information when applying for service:

1) Street address
2) How you want your name to appear in the directory
3) Type of local service
4) Credit information (see below)
5) Information about previous telephone service

DEPOSIT REQUIREMENTS

Under certain conditions outlined in the Public Service Commission's Rules, a deposit may be required to establish credit with us. In most cases, the deposit will be equal to one-twelfth of your annual local service billing and one-sixth of your estimated annual toll billing. This deposit may be paid in two installments of one-half before service begins and one-half with the first bill unless tampering or unauthorized use is involved. In lieu of a deposit, a residential customer may obtain a guaranty agreement from a person with established telephone credit who is willing to guarantee payment of your bill in the amount equal to the requested deposit. Guaranty forms are available through your GTE Customer Contact Center

Deposits may be required on rented equipment as well. Additional deposits may be required as a result of late payment, disconnection, nonpayment, and other circumstances outlined in the Public Service Commission Rules. Most new or additional deposits may be paid in two installments with the next two bills. Deposits are refunded with interest on your final bill or after one year, provided your payments have been on time.

SERVICE CHARGES

Standard charges for installing and rearranging telephone service are in effect in all GTE locations. These service charges are based on a plan under which you pay for the actual work performed. Additional information concerning service charges is available through your GTE Customer Contact Center.

TELEPHONE OPTIONS

Depending on your telephone needs, you may rent or buy telephone equipment from GTE. Call your GTE Customer Contact Center. In addition, if you rent phones from GTE, replacement or exchanges are free. If you wish, for your convenience GTE will ship your GTE rental telephone to your home—free.

Telephone equipment may be obtained from independent suppliers listed in the Yellow Pages. Such equipment must be approved or registered by the FCC and the customer is responsible for its proper connection, maintenance, and repair. These rules are designed to assure reliable service and at the same time protect customers and employees against possible hazards. Call your GTE Customer Contact Center for requirements.

INSIDE WIRING OPTIONS

If your residence or business requires wiring, GTE can provide quality inside wire service. From installation to maintenance, GTE is the single source for all your communication needs. During construction or remodeling, GTE can prewire dwellings to eliminate exposed wiring.

Independent contractors and residence customers can also wire dwellings for telephone service. GTE will provide the necessary telephone interface to the building. Inside wiring must meet certain industry standards or National Electrical Code Material Standards.

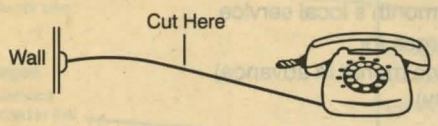
TELEPHONE & LINE CARE

Ever wonder what happened to the good old days when the phone company took care of everything–including the telephone–right in your home? Well–with Telephone & Line Care (TLC) from GTE, the good old days are back. Call **1 + 800 483-4852** for more details.

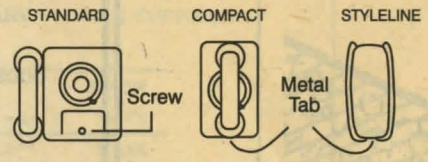
INSTALLATION

INSIDE WIRE INFORMATION

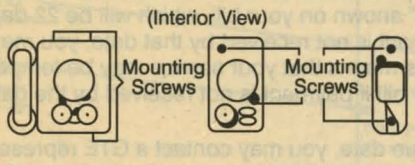
How to Disconnect Permanently Wired Telephones



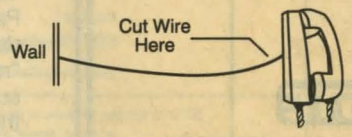
*Cut cord with insulated wire pliers.



*1. Remove cover by loosening cover screw or pushing up on the metal tab with a screwdriver. Pull bottom of cover toward you and lift up.



*2. Remove the mounting screws and pull the telephone toward you until the telephone wire is fully extended.



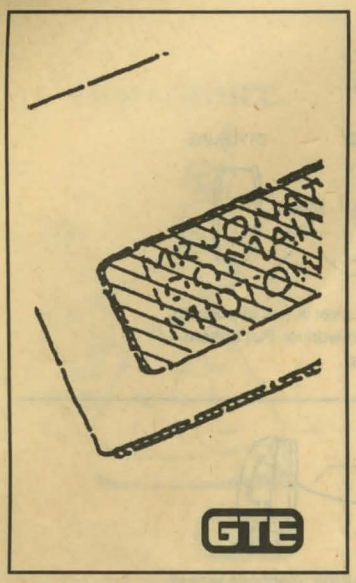
*3. Use insulated wire pliers to cut the telephone wire at the location shown. Cut the wire as close to the telephone as possible. DO NOT let the wire drop back into the wall.

How to Convert to Modular Connection

IF IT LOOKS LIKE THIS...		FOR MODULAR CONNECTION YOU NEED THIS...	
	Four-prong Type (Hardwired) Connecting Arrangement Non-Modular		A Modular Adapter Plug Assembly Can Be Utilized
	Permanently Wired "Connecting Blocks" Telephone Cannot Be Unplugged Conversion To Modular Jack Necessary		Jack Conversion Kit—3 Surface Mount Assembly Required To Convert To Modular
	Hardwired Outlet Plates Usually Located 18" Above Baseboard Conversion To Modular Jack Necessary		Jack Conversion Kit—2 Flush Mount Usually Located 18" Above Baseboard
	Wall Telephones Hardwired To Wall Necessary To Remove Instrument And Place Modular Jack		Jack Conversion Kit—1 Same For All Hardwired Wall Telephone Sets

***WARNING—Telephone wires have voltages ranging from 48 VDC TO 105 VAC. To avoid electrical shock, use insulated tools or protective clothing; as for example, heavy rubber gloves or similar attire. Do not touch grounded objects or appliances while working on telephone equipment. Do not follow these procedures if you use a pacemaker.**

BILLING



Page Contents -

- BILL CONTENTS
- BILLING QUESTIONS
- PAYMENT PROCESSING

BILL CONTENTS

After ordering telephone service, we will send you a bill covering:

- Installation costs
- Local service charges (prorated)
- Long distance calls (if any)
- Advanced billing of next month's local service

Subsequent bills will include charges for:

- Local service charges (one month in advance)
- Long distance calls (if any)
- Miscellaneous charges
- Any unpaid amount

BILLING QUESTIONS

If you have questions concerning your bill, see **WHERE TO REACH GTE**.

You will receive a bill for your telephone service about the same time each month. Payment is due by the "due date" shown on your bill, which will be 22 days after the date the bill is mailed. If full payment is not received by that date, you may receive a "notice of account past due." This means that your service may be temporarily suspended for failure to pay your bill if payment is not received by the date shown on the "notice of account past due."

If you can't pay your bill by the due date, you may contact a GTE representative at a number listed under **WHERE TO REACH GTE**. You may qualify for a delayed payment agreement or an extended due date.

Customers who meet the following criteria should notify GTE to be assigned a new bill date so that the payment due date will coincide with or follow the customer's receipt of income.

The following customers qualify for an extended due date:

- Persons receiving Aid to Families with Dependent Children or Aid to the Aged, Blind and Disabled;
- Persons receiving Supplemental Security Income; or,
- Persons whose primary source of income is Social Security or Veterans Disability or Retirement Benefits.

GTE will enter into a delayed payment agreement with a qualifying customer if the customer agrees to pay the down payment and all installments by the due dates and pay all bills from GTE coming due during the period of the agreement in full by each bill's respective due date. GTE will not require more than 1/4 of the overdue bill as a down payment and will allow equal installments for at least 3 months from the date of the initial payment.

Customers who plan to be gone for an extended period can contact their GTE representative regarding options to avoid suspension of their service. Both advance payment and bank draft are available.

If your service is suspended for non-payment, you must contact a GTE representative at a number listed under **WHERE TO REACH GTE**. In addition to payment of past due charges, there is a service charge to have your service restored. A deposit may also be required to re-establish your credit.

Customers requesting to have service stopped should contact their GTE representative at a number listed under **WHERE TO REACH GTE**. Billing will stop effective with the disconnect date requested by the customer.

PAYMENT PROCESSING

We can process your payment faster when you pay your monthly bill by mail. Just detach the stub portion of your bill and note your area code and telephone number on your check. Please use the return envelope enclosed with your bill. Do not send cash.

GTE CATALOG - RESIDENTIAL

GTE is the single source for all your telephone needs. We have highlighted our most significant optional services in this section. For more information on any of these services, see **WHERE TO REACH GTE.**

TOUCH CALLING

Touch Call dialing offers a fast and accurate way to make phone calls. Touch Call provides access to advanced services such as banking by phone and makes SmartCall Services easier to access and use.

PERSONAL SECRETARY SERVICE

Enjoy your own personal telephone answering service 24 hours a day! GTE's Personal Secretary Service records messages, gives you a wake up call, and reminds you of appointments.

SMARTCALL SERVICES

The SMART way to use your phone. Put an end to missed calls, telephone tag, waiting by the phone, and busy signals with SmartCall Services - the latest calling features from GTE. These services make it easy to keep in touch with family, friends and business associates. SmartCall Services are available on either a rotary dial or Touch Call line and work with the phone you now have.

SmartCall Services Quick Reference Guide

Service	Activate	Cancel
Call Forwarding	7 2#	7 3#
Call Waiting	Hookswitch	
Cancel Call Waiting	7 0#	
Speed Calling - 8	7 4#	
Speed Calling - 30	7 5#	
Three-Way Calling	Hookswitch	

For rotary dial telephone users, follow the same instructions but substitute 1 1 for an * and ignore any reference to the # and allow four seconds before continuing. For more detailed instructions, refer to the following pages.

SmartCall Services may not be available in all locations. For more information, call your GTE Customer Contact Center.

GTE CATALOG - RESIDENTIAL

CALL FORWARDING

Call Forwarding lets you leave home without worrying about missing a call; just forward your calls to wherever you go. Whenever you have to be away from your phone, Call Forwarding is the Smart way to keep your calls moving with you.

Instructions:

1) Listen for a dial tone.
2) Dial 7 2 #.
3) When you hear a second dial tone, dial the number where you want to forward your calls. Dial # again.
4) When the number you called is answered, your Call Forwarding service is working.
5) If you receive a busy signal or no answer, hang up and repeat steps 1 through 3.
6) Two short tones tell you Call Forwarding is working.

To cancel...

1) Listen for a dial tone.
2) Dial 7 3 #.
3) Two short tones tell you Call Forwarding has been cancelled.

CALL WAITING

Expecting a special call doesn't mean staying off the phone. With Call Waiting, your calls come through even when you're on the line. The Call Waiting "beep" tells you when someone is trying to reach you. Then you just put your present call on hold while you answer the second call. Great for busy couples, roommates, and especially families with teenagers.

Instructions:

1) If you are talking on the phone and you receive another call, you'll hear a "beep" tone. The person calling will hear normal ringing until you answer.
2) Tell your first caller you have another call. When that person hangs up, you will be connected with the second caller within two seconds.
3) If you want to put the first caller on hold to answer the second call, press the hookswitch (the button that hangs up the phone) for one second. This will put your first call on hold and connect you to your second call.
4) To return to the first call, press the hookswitch for one second. This will return you to your original call and put the second call on hold. You can repeat this process as often as necessary.
5) When one party ends the conversation and hangs up their telephone, the second party will automatically be reconnected with you. Do not depress the hookswitch.

Note to Computer Users: If using a modem, the call waiting tone will interrupt on-line usage causing lost data. You may want to consider a second phone line or Cancel Call Waiting.

CANCEL CALL WAITING

Turn on Cancel Call Waiting when you're making an important call and talk as long as you want with no interruptions. After you finish your call. Call Waiting returns automatically when you hang up the phone. Cancel Call Waiting assures you of uninterrupted phone calls during important conversations, when talking long distance or when using your personal computer modem. However, cancel call waiting is not an automatic feature of call waiting.

Instructions:

Before placing a call...

1) Listen for a dial tone.
2) Dial 7 0 #.
3) Listen for three short tones, followed by a normal dial tone.
4) Dial the telephone number.

During a call...

1) Press the hookswitch (the button that hangs up the phone) for one second.
2) Dial 7 0 #.
3) A tone will be heard and in most areas, you will be automatically reconnected to your call. In some areas, you may have to press the hookswitch to reconnect your call.

Note to Rotary Dial Customers: Dial 1170 instead of 7 0 #.

- **SMART RING® SERVICE**

For Help Go To GTEKEY Page 3

SPEED CALLING

Speed Calling saves you time and effort. There is no need to search for important numbers since your phone remembers up to eight or thirty of them. Dial with an easy two button code.

Instructions:

To save a number using Speed Calling 8...

1) Listen for a dial tone.
2) Dial 7 4 #.
3) Listen for a second dial tone.
4) Dial a one digit code for each number (2 through 9), followed by the telephone number the code represents.
5) Two short tones indicate the number has been stored.

To save a number using Speed Calling 30...

1) Listen for a dial tone.
2) Dial 7 5 #.
3) Listen for a second dial tone.
4) Dial a two digit code for each number (20 through 49), followed by the telephone number the code represents.
5) Two short tones indicate the number has been stored.

IMPORTANT NOTE: In communities where "9 1 1" Emergency Service is available, the "9 1 1" number cannot be set up for Speed Calling.

To place a call...

1) Listen for a dial tone.
2) Dial one of the Speed Calling codes followed by the # button.
3) Your call will go through after a short pause.

THREE-WAY CALLING

Three-Way Calling eliminates "back and forth" calling by letting you talk to two people at the same time. Three-Way Calling lets you hold a three way conversation with friends, relatives, or business associates. You can decide who, where, and when all in one smart call.

Instructions:

1) Call the first party as you normally would.
2) While connected to the first party, press the hookswitch (the button that hangs up the phone) for one second. This puts your party on hold.
3) Listen for three tones and dial tone.
4) Dial the number of the third party. When the call is answered, you may talk privately before bringing your first party back on the line. Press the hookswitch for one second to establish a Three-Way Call.
5) If you receive no answer or a busy signal, press and release the hookswitch twice to return to your first party.

To disconnect...

1) Hang up and both parties will disconnect.
2) If either party hangs up, your call with the remaining party will continue.
3) Disconnect the second party yourself by pressing the hookswitch.

RENTAL TELEPHONES

If you're thinking about renting a phone, call your GTE Customer Contact Center today. We offer a wide selection of high quality, reliable Rental Telephones, each with an unconditional lifetime guarantee. In fact, if there is ever a problem, GTE will repair it or exchange it free of charge—no questions asked.

SMART RING SERVICE

Smart Ring Service allows distinctive ringing to be applied to an individual line, where each of two numbers, a main number and a Smart Ring number, will have a unique distinctive ring for customers identification. Because two telephone numbers are associated with one telephone line, only one conversation can be conducted at a time. Both numbers may be listed in the telephone directory.

GTE CATALOG - RESIDENTIAL/BUSINESS

CALLING CARDS

Call anywhere from any telephone. A GTE Calling Card enables you to place calls and have the charges appear on your monthly bill. GTE Calling Card calls also cost less than other operator assisted calls. Best of all, there is no charge for the card. To get a GTE Calling Card, call your GTE Customer Contact Center.

CONFERENCE CALLING

When you need to talk to people in different places at the same time, make a conference call. Consult the Yellow Pages for a service provider.

CUSTOM CODE RESTRICTION

Custom Code Restriction can help you control chargeable calls made from your home or business. Our three service options include the restriction of one-plus and zero-plus long distance calls, restriction of one-plus long distance dialing only while permitting operator assisted calls, or restriction only from 1 + 976 and 1 + 900 numbers.

DIAL DATALINK SERVICE

Dial Datalink Service is for home and business customers who use their personal computer to transmit or receive information from remote locations. When you subscribe to it, we ensure that your existing telephone line continually meets the rigid technical specifications needed for reliable, high-quality data transmission.

800 SERVICE

To make it easy and attractive for out of town family, friends or customers to call, you should obtain an 800 number. Our 800 Service is a cost effective solution which allows callers outside of your local calling area to call you free of charge. Our 800 Service is particularly effective for companies that want to increase their phone order business.

LINESKEEPER SERVICE

GTE offers Lineskeeper Service for low monthly rates which provides protection for all of the single-line wire and jacks inside your home or business. Basic Lineskeeper Service includes trouble isolation, repair of wiring and jacks plus discounted labor rates to add new wiring and jacks or to replace non-standard wiring. Non-standard wiring is wiring that does not meet industry standards or National Electrical Code Material Standards and may not be permanently repairable.

LINESKEEPER PLUS SERVICE

Also available is Lineskeeper PLUS Service which offers basic Lineskeeper Service plus a loaner telephone in case the phone you own is broken.

IMPORTANT: Enhanced Services are available only in certain locations. For more information, call your GTE Customer Contact Center.

For Help Go To GTEKEY Page 3

MESSAGE RATE SERVICE

If you make a limited number of local phone calls a month, you can save money with our Business and Residential Message Rate Service. For more information call your GTE Customer Contact Center. See **WHERE TO REACH GTE**.

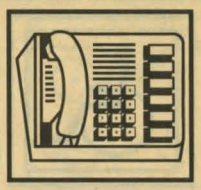
PAGING SERVICES

Helping you stay in touch with your family, business associates and customers - GTE offers a full line of competitively priced numeric and alphanumeric (text) pagers plus additional services (e.g. voice mail, group call, etc.) with local, regional, and national coverage. Quantity discounts are available. For more information contact GTE at **1 + 800 483-7243**.

TELEPHONE & LINE CARE

Telephone & Line Care offers the complete service package. TLC provides a GTE 8225 single-line rental phone along with maintenance for inside wire and jacks. If something goes wrong with your GTE 8225 rental phone, inside wiring, or jacks, GTE will send a technician into your home or business to either replace the phone and/or repair the wiring. Call **1 + 800 483-4852** for more details.

GTE CATALOG - BUSINESS



CENTRANET SERVICE

Now you can have a communications system as advanced as your telephone company's. With CentraNet Service, the GTE central office becomes your telecommunications system. You don't have any extensive hardware to buy. All the features you select come to you from a digital switch located at the central office. The switch is constantly upgraded with the latest hardware and software available, so your system will always be state of the art. CentraNet Service provides technical capabilities yet is simple to operate.

COIN TELEPHONES

Want a steady source of revenue? With GTE Coin Telephones, you can provide your customers with a proven communications link when away from home or the office.

DATA TRANSMISSION

GTE provides an array of proven voice and data transmission services. Maintenance and investment in the best equipment makes GTE the prime choice for your data transmission needs.

MAINTENANCE CONTRACT

A maintenance contract from GTE helps to ensure that your phone service will be uninterrupted and that your business will be protected from costly repairs. In the event you need service, we will send a professionally trained technician to repair or replace your equipment within 24 hours (7 days a week).

TELECOMMUNICATIONS CONSULTANTS

GTE is the full service provider for all your telecommunications needs. GTE consultants develop communication solutions to business problems through the effective application of advanced network services. From foreign exchange lines which give you a local presence in distant markets to dedicated fiber optic links for extremely high speed computer communications, we can meet your present and future needs.

IMPORTANT: Enhanced Services are available only in certain locations. For more information, call your GTE Customer Contact Center.

For Help Go To GTEKEY Page 3

SERVICES FOR CUSTOMERS WITH DISABILITIES

If you are disabled or know someone who has a physical problem in using the telephone, we want to help. The solution may be provided by special equipment we already have available. If not, we will do our best to help design an effective solution. Call your GTE Customer Contact Center. There is no charge for the consultation to help solve your specific problem.

If you have a physical disability or care for a GTE customer with a physical disability, you are encouraged to identify yourself to us so that special consideration can be given where necessary and appropriate to your circumstance.

SPECIAL RATES

Persons with qualifying disabilities, such as physical or visual, may be exempt from directory assistance charges and/or eligible for special rates on direct-dial, station-to-station calls outside of your local calling area.

ARKANSAS RELAY SERVICE

Telecommunications Relay Service/Text Telephone (TRS/TT)

Persons with hearing or speech disabilities normally experience difficulties in using the public telephone system. ARS makes it possible for such persons to use the telephone. Specially trained personnel, known as Communication Assistants (CAs) act as a go-between and "relay" calls between persons with hearing or speech disabilities and the parties they call. There is no charge for ARS, which is available 24 hours a day, 7 days a week. Charges for long distance calls are made as if the person using ARS was calling directly.

Numbers to use for ARS are:

Text Telephone (TT) Users Dial	1 + 800 285-1131
Voice Users	1 + 800 285-1121
Customer Services	1 + 800 285-7192
For GTE Services:	
Installation	1 + 800 285-1131
Billing	1 + 800 285-1131
Repair	1 + 800 285-1131

IMPORTANT: To provide the relay operator with the appropriate GTE number to call, see **WHERE TO REACH GTE**.

**Do not call ARS for emergency help unless you cannot reach 911 or 911 is not available in your area.

GTE customers using telecommunications relay service will be able to use the carrier of their choice for long-distance calls. Simply tell the communications assistant hangling the call the name of your preferred long distance carrier or dial the TRS access number provided by your long distance carrier.

The Americans with Disabilities Act of 1990 requires all states to provide access to nationwide telecommunications relay services.

COMMUNICATION ASSISTANCE OPERATOR

For Text Telephone (TT) users requiring a Communication Assistance Operator for directory assistance, third number billing, person-to-person, collect, busy line verification and line interruption calls:

TT or Voice Users Dial	1 + 800 855-1155*

*** While there is no charge to call this TT number, applicable long distance and operator service charges will apply on operator assisted calls.**

CALLING INSTRUCTIONS

TYPES OF CALLS

Dial Direct - Lowest Rates

You can save money by dialing all your calls direct. You may be able to save even more by subscribing to one of GTE's Discount Calling Plans. Please call your GTE Customer Contact Center for more information.

Calling Card - Higher Rates

Customers who have telephone calling cards may charge calls to their card number. Customer dialed Calling Card calls cost more than dial direct rates because some operator assistance charges apply. These charges are in addition to the dial direct rates. For more information, see **GTE CATALOG**.

Operator Assistance - Highest Rates

Operator Assistance is required to make the following types of calls. Charges in addition to the dial direct rates will apply.

Station to station: Call station to station, if you wish to talk with anyone who answers. Charging begins when the call is answered.

Person to person: Call person to person when you wish to talk to a particular person or extension. Tell the operator you wish to make a "person to person" call. Rates are higher than station to station. Charging starts when talking begins.

Collect: You can call collect if the person you are calling agrees to pay the charge. If you want to make a collect call, be sure to tell the operator when you place the call. The operator will leave the line when the person you've called accepts the charges.

Third Number Billing: Customers may charge calls to a third telephone number. This service requires operator assistance. If you are calling from a pay phone, someone must answer the third number and approve the call before the operator will complete the call.

Time and Charges: When placing calls, you may request the time and charge of the call from the operator.

Number Verification: To find out the condition of a line, tell the operator you need "busy line verification" or "interruption." An operator assistance charge applies.

Note: Refer to the following pages for instructions on how to place these types of calls.

PARTY LINE CALLING

To Call Another Party On Your Line

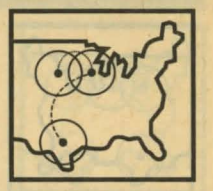
Use a special code number previously assigned—

1. Lift the receiver and listen for the dial tone indicating the line is clear.
2. Dial the SPECIAL CODE NUMBER, for the party you are calling.
   Hartman–Coal Hill .....Dial number & wait for recording, then hang up
   Salus.....Dial number & wait for recording, then hang up
3. Hang up your receiver. Your telephone and the called telephone will start to ring.
4. Allow sufficient time for the called party to answer. Your telephone will stop ringing when the called party answers. Remove your receiver and begin the conversation.
5. If the called party does not answer within a reasonable length of time, remove your receiver and replace it after a few moments. This will break the connection.

If the number you are calling is always busy, it could be that the party you are calling is on your line. Call Repair Service for directions on how to place these calls.

For Help Go To GTEKEY Page 3

CALLING INSTRUCTIONS



SHORT/LONG DISTANCE CALLING

In addition to area codes, the country is divided into areas called LATAs (Local Access Transport Areas). These boundaries determine which providers handle your short and long distance toll calling.

- **Short Distance:** GTE provides complete calling services to points within your LATA.
- **Long Distance:** Calling to points outside your LATA are provided by long distance providers. You may use any of the long distance providers serving your area by first dialing their access code (10+XXX) or (101+XXXX). Otherwise, your long distance calls will be handled by the long distance provider you selected for your telephone service. For the names of long distance providers serving your area consult the Yellow Pages.

INSTRUCTIONS

Long Distance - Within or Outside Area Code	
Direct Dial:	1 + area code + number
Operator Assistance:	0 + area code + number
Calling Card:	0 + area code + number

OPERATOR ASSISTED CALLS

For Calling Card calls, you will hear a special tone indicating you should key in your Calling Card number. If you need operator assistance, or you are making the call from a rotary telephone, wait for the operator to come on the line to assist you. When the operator answers, give the required information:

Say "person-to-person" and give the name of the person you are calling or

Say "collect" and give your name, or

Say "bill to" and give the area code and number to which you are billing the call.

Rates

For direct dial calls, the initial rate period is one minute any time of day or night. Charges are based on rates in effect at the time of the call. Charges for additional minutes change when the call continues into a new time period. Additional savings apply during evenings, nights and weekends.

Equal Access Information

Equal Access is the provision of local network connections that are equal in type and quality to all long distance providers on a non-discriminatory basis. Its implementation is required by the Federal Communications Commission. If your locality is not yet converted to Equal Access, you may need to dial multiple digits to place long distance calls by providers other than AT&T Communications. You also have to use a telephone that has touch calling capabilities.

With Equal Access, you will be able to select a long distance provider to handle your long distance calls, which you will automatically access when dialing "1 +." For more information about Equal Access, call your GTE Customer Contact Center. See **WHERE TO REACH GTE**.

For Help Go To GTEKEY Page 3

CALLING INSTRUCTIONS

EQUAL ACCESS LONG DISTANCE DIALING

DIRECT DIALING

INSIDE YOUR LATA - See LATA Map

All direct dialed 1 + calls inside your LATA will be handled by your local telephone company.

For all calls dial

1 + area code + telephone number

OUTSIDE YOUR LATA

All direct dialed 1 + calls outside your LATA will be handled by your preferred long distance telephone provider.

For all calls dial

1 + area code + telephone number

To make a call using other long distance telephone providers:

For all calls dial

(10 + XXX) or (101 + XXXX) + 1 + area code + telephone number

OPERATOR ASSISTANCE

INSIDE YOUR LATA - See LATA Map

All calls requiring operator assistance inside your LATA will be processed by your local telephone company.

For all calls dial

0 + area code + telephone number

OUTSIDE YOUR LATA

Your direct dialed operator assisted call will be handled by your preferred long distance telephone provider.

For all calls dial

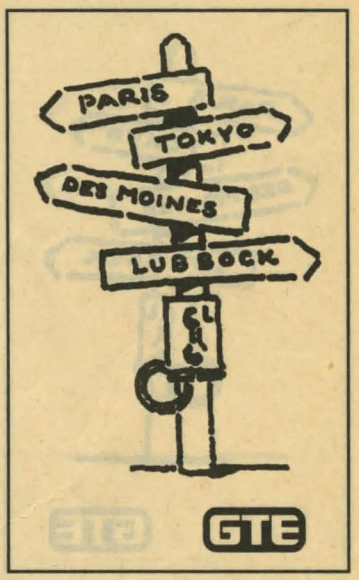
0 + area code + telephone number

To make a long distance operator assisted call using other long distance telephone providers:

For all calls dial

(10 + XXX) or (101 + XXXX) + 0 + area code + telephone number

NOTE: XXX and XXXX represent the access code assigned to each long distance telephone provider. You will need to contact the long distance telephone provider you desire to obtain the code.

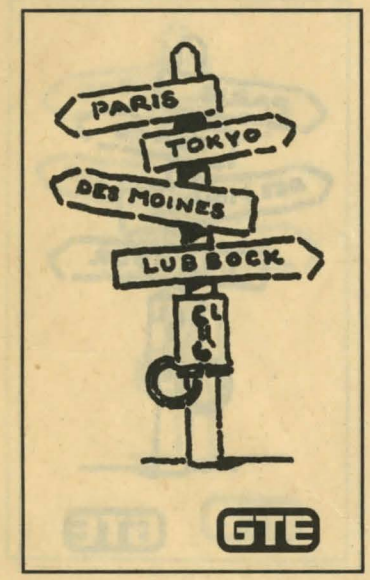


Page Contents -

- **EQUAL ACCESS LONG DISTANCE DIALING**

For Help Go To GTEKEY Page 3

CALLING INSTRUCTIONS



Page Contents -

- **EQUAL ACCESS CALLING CARD CALLS**

EQUAL ACCESS CALLING CARD CALLS

For Your Information

With Equal Access, you can still make long distance calls with your GTE Calling Card. However, as more and more telephone switching centers in the United States are converted for Equal Access, there may be instances when by dialing 0 + the area code + the telephone number, your GTE Calling Card may not be accepted.

To make a GTE Calling Card call in an Equal Access Area, simply dial 0 + the area code + the telephone number and complete your Calling Card call as you normally would. If the call is made to a number outside your LATA, it will be processed by your chosen long distance provider. Calls made with your GTE Calling Card will be billed on the GTE portion of your bill.

From a rotary dial phone, dial 0 + the area code + the telephone number. When the operator answers, give your GTE Calling Card number.

From a touch tone phone, press 0 + the area code + the telephone number. Wait for the special tone and immediately enter your GTE Calling Card number.

If you are having trouble using your GTE Calling Card:

Please contact your long distance provider to determine whether or not they offer this service. Your long distance provider should furnish you with specific dialing instructions. If your long distance provider does not offer this service, dial "0" and tell the operator you are using your GTE Calling Card. The operator will ask for your calling card number and will place the call for you.

CALLING INSTRUCTIONS

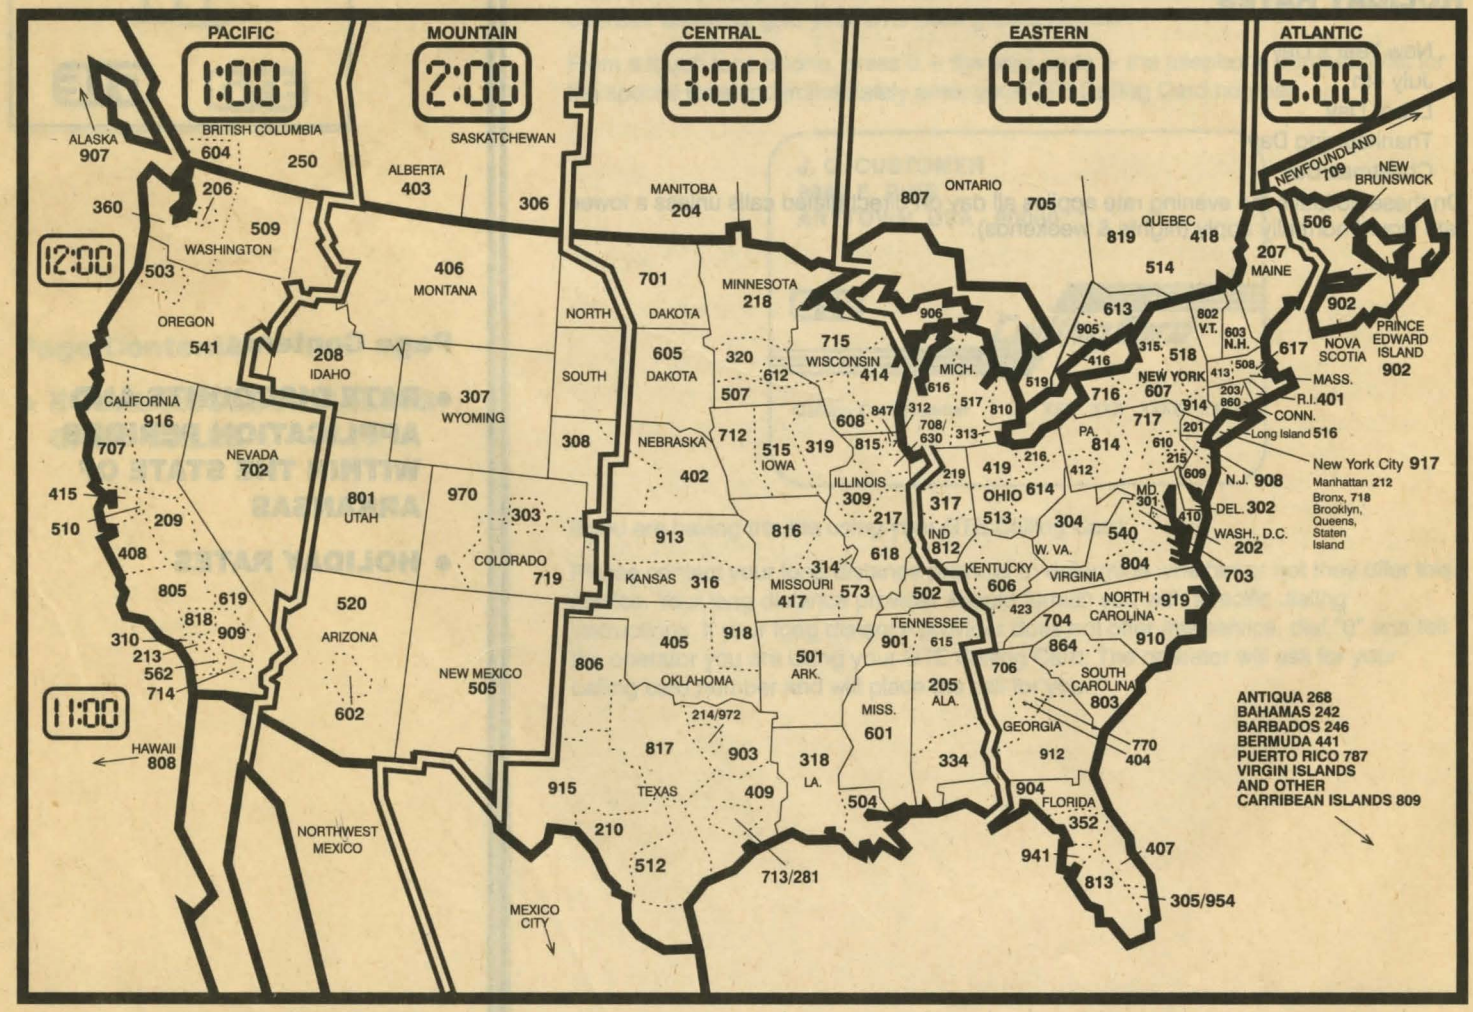
AREA CODE INFORMATION

Area Codes Speed Your Long Distance Calls

For faster long distance calling, the United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit Area Code. Your Area Code is 501 (see map). Dial the Area Code on all long distance calls, even when it is the same as your own. On long distance calls you place with the "OPERATOR", the Area Code will help you get through faster. When you ask someone to call you back from another telephone area, include your Area Code as part of your telephone number. Area Codes for frequently called cities may be found under CALLING INSTRUCTIONS.

If you want the Area Code for a place not listed, call your long distance provider.



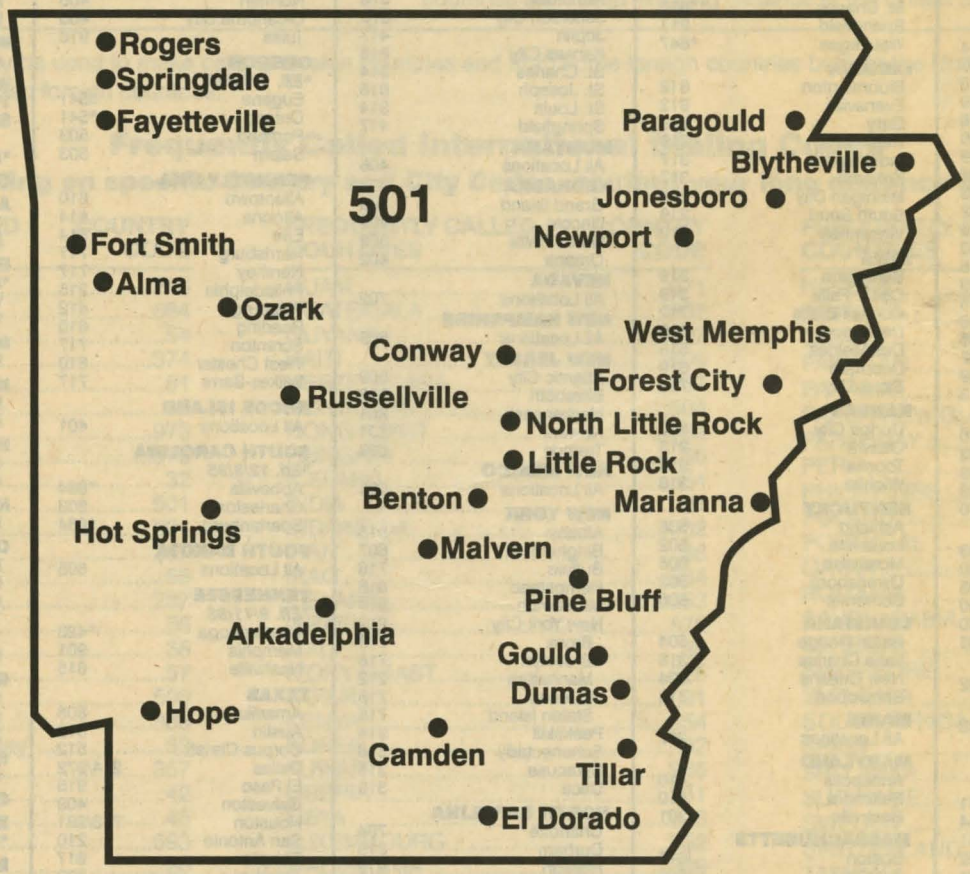
CALLING INSTRUCTIONS

AREA CODE INFORMATION (continued)

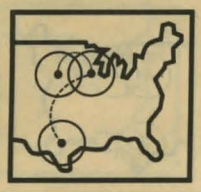
Area Code Information for Arkansas

Use the area code in calling long distance, even if it is the same as your own area code.

Your Area Code is 501



If the city you want is not listed, contact your long distance provider.



CALLING INSTRUCTIONS

Area Codes

Use area codes for making long distance calls to locations even within your own area code. Also, remember the difference in time zones when placing long distance calls. If the city you want is not listed, contact your long distance provider.

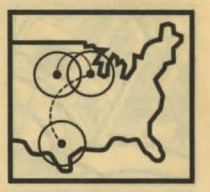
CALLING INSTRUCTIONS



INTERNATIONAL CALLING

The standard International Access Code (011) is used by all long distance providers. You may use any of the long distance providers serving your area by first dialing their access code (10+XXX) or (101+XXXX). Otherwise, your long distance calls will be handled by the long distance provider you selected for your telephone service.

Direct Dial:	011 + country code + city code + number	After dialing international calls, allow at least 45 seconds for the ringing to start.
Operator Assistance:	01 + country code + city code + number	After you dial, the operator will come on the line and ask for information on the type of call. Calls to Canada, Puerto Rico and many of the Caribbean countries are dialed like long distance in the United States.

GTE Calling Cards may be used to make calls to foreign countries and from some foreign countries back to the United States. Cards cannot be used for calls between foreign countries.

Frequently Called International Dialing Codes

For listing on specific Country and City Codes, contact your long distance provider.

For Help Go To GTEKEY Page 3

DIRECTORY ASSISTANCE

Directory Assistance operators can provide you with a phone number when you don't have one. In addition, you may request two (2) numbers at the same time. Please advise the operator that you require two listings at initial contact. See **WHERE TO REACH GTE** for dialing instructions.

DIRECTORY ASSISTANCE CHARGES

You are allowed to make one (1) local directory assistance call within your local calling area during each monthly billing at no cost. Calls in excess of one (1) per month are billed at 40 cents each.* Charges do not apply on local directory assistance calls from GTE pay phones, hospitals, or from customers who are unable to use the phone book because of a permanent disability.

*The charge listed above is regulated by the Arkansas Public Service Commission and was correct on the date this directory was compiled. This charge is subject to change by order of the Arkansas Public Service Commission. Current charges are always available from your GTE Customer Contact Center.

DIRECTORY CONTENT

From providing a comprehensive listing of local businesses to describing the community at large, your directory serves as much more than a source of local telephone numbers. We make every effort to assure listings are accurate, but GTE assumes no liability for charges arising from errors or omissions. If you are aware of an error or problem, please call your GTE Customer Contact Center. See **WHERE TO REACH GTE**.

EXTRA DIRECTORIES

If you need additional copies of this directory, or if you need directories from other communities, please call **1 + 800 888-8448**.

YELLOW PAGES ADVERTISING AND LISTINGS

Every business receives a free Yellow Pages listing, under the category of its choice. Let your customers know who, where, what, and when; Yellow Pages advertising does it all. See **WHERE TO REACH GTE**.

WHITE PAGES LISTINGS

Every customer may be listed once in the White Pages of the directory without charge. The following enhancements are provided as options to this basic service.

- **Additional Listings:** Even if your telephone service is in someone else's name you can request an additional directory listing in your name. Additional listings can also give someone who is already listed extra exposure. There is an additional charge according to the type of listing required.
- **Non-Listed Service:** We can omit your listing from the White pages but retain it in our Directory Assistance records. This service is available for a small monthly charge.
- **Non-Published Service:** For even more privacy, we can omit your listing from both the White Pages and Directory Assistance records. This service is available for a small monthly charge.

RIGHTS AND RESPONSIBILITIES

COMPLAINT PROCEDURE

GTE Customer Relations

GTE wants to provide excellent service. If your problem has not been resolved, after contacting an employee or supervisor, please call our GTE Customer Relations Department.

All Calling Areas .....1 + 800 483-7988

You also have the right to pursue any matter through the state regulatory body. You may file a complaint with the Arkansas Public Service Commission which regulates GTE. You may write or call:

Arkansas Public Service Commission .....1 + 800 482-1164
P.O. Box 400
Little Rock, AR 72203

Consumer information is being provided as required by the Arkansas Public Service Commission (APSC). A copy of the APSC rules are on display and available through your GTE Customer Contact Center.

RIGHTS AND RESPONSIBILITIES

Page Contents -

- **EQUIPMENT BYLAWS**
- **SERVICE BYLAWS**
- **USAGE BYLAWS**

EQUIPMENT BYLAWS

- **Telephone Options** (See **INSTALLATION**)
- **Inside Wiring Options** (See **INSTALLATION**)

SERVICE BYLAWS

- **Equal Opportunity Provider:** GTE provides telephone service without regards to race, nationality, color, religion, sex, or marital status.
- **Regulations:** As a telephone company, GTE is regulated by the Arkansas Public Service Commission. A complete copy of rules and regulations is available at the State Office and your GTE Customer Contact Center.
- **Rates:** Rates and practices included in this directory are based on standards in effect at the time the directory was published and are subject to change. Customers will be advised of any request for a general rate increase within 45 days of such request and before the date of the first public hearing. A schedule of rates is available at the Public Service Commission's State Office and your GTE Customer Contact Center.
- **Ownership of Telephone Numbers:** All telephone numbers are owned by the telephone company. The telephone company has the right to change any customer's number as may be required.
- **Employee Identification:** For your protection, every employee who visits a customer's home carries an official employee identification card. It includes the employee's name and photograph. If you have doubt about a person who claims to be representing GTE, ask to see his or her identification card.

USAGE BYLAWS

- **Harassment:** Making threatening, obscene, or nuisance calls is a violation of state law. If you receive a threatening call, report it immediately to the police. If you receive obscene or nuisance calls, follow these suggestions:

  - Hang up
  - Give no information
  - Advise children to do the same

  If calls continue, call your GTE Customer Contact Center for advice. Often, changing your number will resolve the problem.

- **Party Line Use:** Applications for party line use are accepted by GTE with the understanding that each customer will not interfere with the other's fair and equal use. If problems occur GTE reserves the right to limit local calls to five minutes. Furthermore, you are required by law to give up use of a party line in an emergency.
- **Emergency Interrupt:** If a telephone number is constantly busy, you can ask the operator to check the line. If the busy signal is due to a conversation on the line or a receiver off the hook, you will be charged an operator verification charge. In the case of an emergency, you can ask the operator to interrupt the conversation.

For Help Go To GTEKEY Page 3

RIGHTS AND RESPONSIBILITIES

USAGE BYLAWS (continued)

- **911/Privacy:** Emergency calls made in an Enhanced 911 area are displayed at the answering point. This enables emergency teams to locate a caller even if the call has been interrupted. In addition, all standard 911 calls are subject to being traced for the same reason. The caller's consent is implied by dialing the 911 emergency number. Callers who want to keep their number private should use the seven-digit emergency number located in the White Pages.
- **Tape Recording:** A short "beep" heard about every 15 seconds on your telephone means that your conversation is being recorded. This signal is provided for your protection. The use of a recorder without a tone warning device is against the law. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the machine. These requirements do not apply to FCC licensed broadcast stations who use recording solely for broadcast over the air. The recording of two-way telephone conversations is governed by state and federal laws and regulations. You should consult an attorney if you have questions regarding these laws and regulations.
- **Fraud:** For your protection, GTE is able to detect fraudulent calls. State and federal laws provide that no person shall defraud or attempt to defraud the telephone company (GTE) of its lawful charges.
- **Use of Residential Phone for Business Purposes:** Residential phones are installed with the understanding that they will be used for normal domestic purposes. A residential telephone will be changed to business service if used primarily for business purposes or if it is advertised for business purposes.
- **Downgrades:** If you are a business customer who wishes to change from business telephone service to residential telephone service, you will be required to change your telephone number.
- **Automatic Dialing-Announcing Devices:** No Automatic-Dialing Announcing Device (ADAD) can be connected to GTE's network until certain requirements are met. Call your GTE Customer Contact Center for requirements.

RIGHTS AND RESPONSIBILITIES

Page Contents -

- **DAMAGE TO COIN TELEPHONES**
- **RESPONSIBILITY FOR PAYMENT OF LONG DISTANCE SERVICE**
- **SUSPENSION OF SERVICE**

DAMAGE TO COIN TELEPHONES

Any person who intentionally or knowingly damages or destroys any coin telephone is guilty of criminal mischief and may be punished by imprisonment for any term not more than ten (10) years or less than two (2) years and/or fined up to $10,000.

RESPONSIBILITY FOR PAYMENT OF LONG DISTANCE SERVICE

You are responsible for all long distance calls placed from a telephone for which you have billing responsibility. You are also responsible for all authorized charges made to your telephone calling card.

SUSPENSION OF SERVICE

- Nonpayment of local and long distance service charges. Service will not be disconnected until you have been given written warning and payment has still not been received. Suspension of residence service will be postponed if a physician's certificate is presented stating that discontinuance of service will aggravate an existing medical emergencyh. GTE must be notified of the problem by a health care professional who must also provide a certificate form available through GTE. Other procedures for providing special assistance to customers who are 65 or older or disabled are also available. Contact GTE to register so you will be contacted personally and offered assistance when there is a problem. If requested, a copy of all termination notices can be mailed to a third party. These options are available through your GTE Customer Contact Center.
- Failure to comply with the terms of a deferred payment agreement.
- Failure to pay a deposit.
- Failure to remove unauthorized attachments from GTE lines after receiving written notice.
- Abuse or misuse of telephone service by profane, obscene, or frightening calls, after receiving written notice.
- Abandonment of telephone service without notice to GTE.
- Tampering with or bypassing GTE's equipment.
- Violating GTE's rules designed to prevent interference with the use of service by other customers.
- Misrepresenting facts to obtain service.
- Failure to allow access to GTE equipment.
- Threatening or causing damage to GTE equipment or injury to a GTE employee.
- Violating federal, state, or local laws through the use of the service.
- A condition exists that poses a health or safety hazard.

For Help Go To GTEKEY Page 3

RIGHTS AND RESPONSIBILITIES

SERVICE CREDIT

You may not be required to pay a deposit for telephone service if you meet certain criteria. Please call your GTE Customer Contact Center for additional information.

CUSTOMER PROVIDED EQUIPMENT

Customer provided equipment may not be connected to telephone company facilities unless it is registered or otherwise approved through the FCC and meets the conditions set forth in the company's tariffs. If you have any questions concerning the use of customer provided equipment, please call your GTE Customer Contact Center.

TARIFFS

Communication services furnished by GTE are public utility services which are offered subject to the rules, regulations, and charges set forth in our tariffs, which shall at all times control the provision of such communication services. GTE's tariffs are subject to change and are available at your GTE Customer Contact Center.

GTE RENTAL PHONES—RETURN PROCEDURE

It is your responsibility to make arrangements to return a GTE Rental Phone within five (5) days of discontinuing service, or you will be billed the replacement cost of the equipment. If this occurs, your telephone bill with the non-return charge will be your purchase receipt.

DISPUTED BILLS

In the event you dispute a portion of your bill, your service will not be discontinued for nonpayment of that portion of the bill under dispute pending the completion of the determination of the dispute. You may be required to pay a deposit equal to the disputed amount until the dispute is resolved. The customer must pay any undisputed amounts by the date printed on the most recent notice of account past due to avoid suspension of service. If GTE is in error, the deposit will be promptly refunded with interest.

- **CUSTOMER BILLING RIGHTS FOR 900 AND 976 NUMBER CALLS**

CUSTOMER BILLING RIGHTS FOR 900 AND 976 NUMBER CALLS

GTE provides billing services for long-distance companies and companies offering 900 or 976 number information services. The federal Telephone Disclosure and Dispute Resolution Act gives you the following rights regarding 900/976 number calls and telephone-billed purchases:

- You do not have to pay for calls to 900/976 numbers that do not follow federal regulations.
- You have the right to question charges for GTE billed telephone purchases or calls to 900/976 number information service providers. This process begins when you call or write GTE or your long-distance carrier, using the telephone numbers listed on your long-distance bill page, within 60 days of receiving the statement showing the charges in question.
- Should you question charges on your telephone bill, GTE or your long-distance carrier must respond to your request within 40 days unless the dispute is resolved within that time.
- If a billing error has occurred, GTE or your long-distance carrier must correct the error and notify you of the correction. Your account will be credited for the disputed amount pending investigation. The company providing the service, however, may attempt to collect the disputed amount even in cases where a billing error has occurred. GTE or your long-distance carrier will provide you with the name, telephone number and address of that company so you can contact them directly.
- If there is no billing error, GTE or your long-distance carrier will provide you a written explanation of why no error was found and, upon request, provide you with documentary evidence of why you were billed for the charges in question. You will have a minimum of ten days to pay the disputed amount. Failure to pay such amount may be reported to a credit reporting agency or subject to collection. Involuntary blocking may also be imposed so that you will be unable to make 900/976 calls from your telephone.
- Neither your long-distance nor your local telephone service may be disconnected if you choose to withhold payment for telephone-billed purchases or calls to 900/976 numbers. However, you must continue to pay for all charges on your bill that are not part of the disputed amount.
- If GTE or your long-distance carrier fails to follow the billing and collection procedures mandated by federal regulations, any disputed amount up to $50 may be forfeited to the customer.

Should you have questions regarding any of this, please call GTE or your long-distance carrier using the telephone numbers listed on your bill.

For Help Go To GTEKEY Page 3

RIGHTS AND RESPONSIBILITIES

LINK UP ARKANSAS

Residential customers may qualify for Link Up Arkansas which provides assistance to establish telephone service by reducing the installation charge.

To qualify, the applicant must not be a dependent for federal income tax purposes, unless he or she is more than 60 years of age. The applicant must meet the requirements for eligibility for either Food Stamps, Aid to Families with Dependent Children, Medicaid, or Home Energy Assistance Program (including recipients of Supplemental Security Income). Additionally, persons who are eligible recipients of a Department of Housing and Urban Development subsidized housing program are also eligible for Link Up Arkansas assistance.

BURIED CABLE LOCATING SERVICE ARKANSAS ONE CALL

Many telephone cables are underground and there may be one just where you're planning to dig that sewer, that foundation, fence post, tree, or that well.

If you hit or damage our cable, everyone loses. Your job gets held up, we have to make repairs, and people are deprived of service.

It's so easy to avoid this kind of trouble. Just call 1 + 800 482-8998 48 hours, excluding weekends and holidays, before you dig. We'll check out the location and let you know where the cables are.

TELEPHONE SALES CALLS

When you receive a telephone sales call:

1. Find out who is calling.
2. If you think you may be interested, ask the caller to mail information about the offer or charity.
3. If you are not interested, just cut in and say so.
4. If you don't want to get another call from the company, ask the person to take your name off their list.

To reduce the number of at-home telephone solicitation calls from national companies, you may request your name be removed fro their list by writing to:

Telephone Preference Service
Direct Marketing Association
Post Office Box 9014
Farmingdale, N.Y. 11735

ZIP codes are provided by the US Postal Service. GTE Directories assumes no responsibility for localities or ZIP codes omitted in this listing. Questions or comments can be directed to your Postmaster.

EMERGENCY PROCEDURES

What To Do Now

- ☐ **READ** this Guide carefully.
- ☐ **DECIDE NOW** where you plan to go if you are ordered to evacuate. You may (1) leave the region. (2) go to the home of a friend or relative in a safe area. (3) go to a hotel or motel in a safe area or (4) as a last resort, go to a Red Cross public shelter.
- ☐ **CHECK** your emergency supplies.
- ☐ **IF YOU WOULD NEED ASSISTANCE** during an evacuation and there is no one else to help you, REGISTER NOW with your local Disaster Preparedness office.

If a Hurricane Approaches

- ☐ **Listen for weather updates:** Hurricanes are unpredictable—so keep informed.
- ☐ **Have your car ready:** Check gas, oil and water.
- ☐ **Put together your hurricane survival kit.**
- ☐ **Refill prescriptions:** Obtain at least a two-week supply.
- ☐ **Plan for pets:** Pets are not allowed in shelters. If you need to make arrangements for your pet, contact your vet, local SPCA, or Humane Society.
- ☐ **Clear your yard of loose objects:** bicycles, lawn furniture, trash cans, etc.
- ☐ **Tape glass & board windows:** Reduce the risk of broken windows and flying glass.
- ☐ **Leave swimming pool filled:** Super-chlorinate and cover pump/filter system.

If You Evacuate

- ☐ **Pack what you will need.**
- ☐ **Turn off electricity and water.**
- ☐ **Shut off gas at the main valve** if you have a valve on your gas tank. Shut off gas at the appliances if your gas is not provided from a storage tank.
- ☐ **Take important papers with you:** including identification with your local address.
- ☐ **Let friends and relatives know where you are going.**

Tornado Safety Rules

If you see or hear a tornado, take the following safety measures: Seek inside shelter immediately. Protect your head and eyes, lie flat, and make as small a target as possible. If you have a portable radio, take it with you.

- ☐ **In homes:** Get away from windows, doors, and outside walls. Go to the basement. If you have no basement, go to the first floor bathroom, closet, or room at the center of the house. If possible get under heavy furniture or cover your head with blankets or pillows.
- ☐ **In school:** Get to the lowest floor or basement. Go to interior small rooms or hallways. Stay away from windows and large areas such as auditoriums and gymnasiums.
- ☐ **In public buildings:** Go immediately to a designated shelter area, or to an interior hallway or small room on the lowest floor, stay away from windows. Do not go to your parked car!
- ☐ **Mobile homes:** Should be abandoned immediately. If there is no reinforced building or underground shelter nearby, take cover in a ditch or depression.

EMERGENCY PROCEDURES

How Will I Know About An Emergency?

Within 15 minutes of the time an emergency is declared at Arkansas Nuclear One, Entergy Operations Inc. must notify State Officials. Through use of the Emergency Warning System, State officials can notify the public of an emergency within 15 minutes. You will hear a steady siren signal lasting about 3 minutes. If you have an EBS tone alert radio, it will be activated. STAY CALM. When you hear the sirens, listen to one of these local radio stations for information:

KARV	610	AM	Russellville
KCJC	100.9	FM	Russellville
KMTC	91.1	FM	Russellville
KXRJ	91.9	FM	Russellville
KCAB	980	AM	Dardanelle
KWXT	1490	AM	Dardanelle
KWKK	102.3	FM	Dardanelle
KLYR	1360	AM	Clarksville
KLYR	92.7	FM	Clarksville

What About Evacuation?

Look at the map on the next page and find out which care center you would go to and how you would get there. If an evacuation begins, don't rush, you'll have time. When you leave home, tear out the yellow "NOTIFIED" tag from the back of your Emergency Instructions Booklet. Attach the tag to the front of your home so officials will know you have gone. As you leave the area, tell a neighbor about the evacuation. They may not know about the evacuation and may need a ride to a care center. You may need to stay at the center for two or three days. This will depend on conditions at the plant. Listen to the radio for current information.

Where Are Care Centers?

Morrilton	Morrilton H.S.
	Morrilton Intermediate
	North Side Elementary
	Reynolds Elementary
	Petit Jean Vo-Tech
	Southern Christian Home
St. Vincent	Wonderview H.S.
Center Ridge	Nemo Vista H.S.
Hector	Hector H.S.
Clarksville	Clarksville H.S.
Paris	Paris H.S.
Danville	Danville H.S.

What Shall I Take?

–change of clothing
–towels and washcloths
–personal identification
–soap and shaving equipment
–flashlight and batteries
–blankets and pillows
–sanitary supplies
–medications
–baby supplies
–portable radio

What About Sheltering?

Sheltering means to stay indoors. Close all doors and windows. Turn off sources of outside air. Close the fireplace flue if not in use. Use telephones only for medical, fire, or extreme emergencies. Remain indoors until told it is safe to go out. If traveling, close auto windows, air vents and put air conditioner on the maximum setting, if needed. Listen to your local radio station for further instructions.

What About The Schools?

Schools will be notified before the general public and students will be taken to a care center. Parents should not attempt to pick up their children at the schools since this will create a traffic problem. Once children are registered at the care center they may leave with a parent or legal guardian. If it is necessary, students will be monitored for radiation contamination.

Need Special Help?

–hard of hearing
–can't hear a siren
–need a ride to a care center
–need special notification
–handicapped some way

If one of these applies to you, fill out a "SPECIAL NEEDS FORM." If you don't have one, contact:

Arkansas Department Of Health
Nuclear Planning And Response
P.O. Box 1749
Russellville, AR 72811-1749
Phone: 968-7171 or 1-(800)-422-6630 (toll free)
Office Hours: 8:00 a.m.-4:30 p.m.
Monday-Friday

The deaf and hearing impaired who use TDD equipment may reach us by calling 964-7890 or 1-800-633-6413. To report Siren Warning System Problems, E.B.S. radio problems, or any urgent concern, you may call these numbers 24 hours a day.

Severe Weather Protection...

The siren system around Arkansas Nuclear One can be used to alert the public of severe weather. This can be done by local officials if they feel it is necessary.

What About My Livestock?

A free pamphlet is available from Nuclear Planning and Response.

A color coded map has been mailed to everyone living within the ten miles of Arkansas Nuclear One. If you did not receive one, contact the Nuclear Planning and Response Office or your local county judge's office.

UNFORTUNATELY,

SIGNS OF DRUG USE
AREN'T THIS OBVIOUS.

Call 1-800/662-HELP
National Institute on Drug Abuse Help Line
PARTNERSHIP FOR A DRUG-FREE AMERICA

Don't go digging up trouble.

Before you do any extensive digging or construction on your property or public lands, please dial **1 + 800-482-8998**

(You must give 48 hours advance notice, excluding weekends and holidays.)
The following information will need to be provided by the customer:

County, City
Section & 1/4 Section No.
OR
County, Township,
Section & 1/4 Section No.
Callers name and firm
Firm address
Can be reached phone No.
Best time to call
Location of proposed excavation
Type and extent of work
Starting time and date

Then they'll let you know if you'll run into any telephone lines.

All too often, private home owners and construction crews unintentionally dig up land where these lines and cables are located. This sometimes results in costly damage or destruction. So let's work together to avoid needless disruption of telephone service in our community.

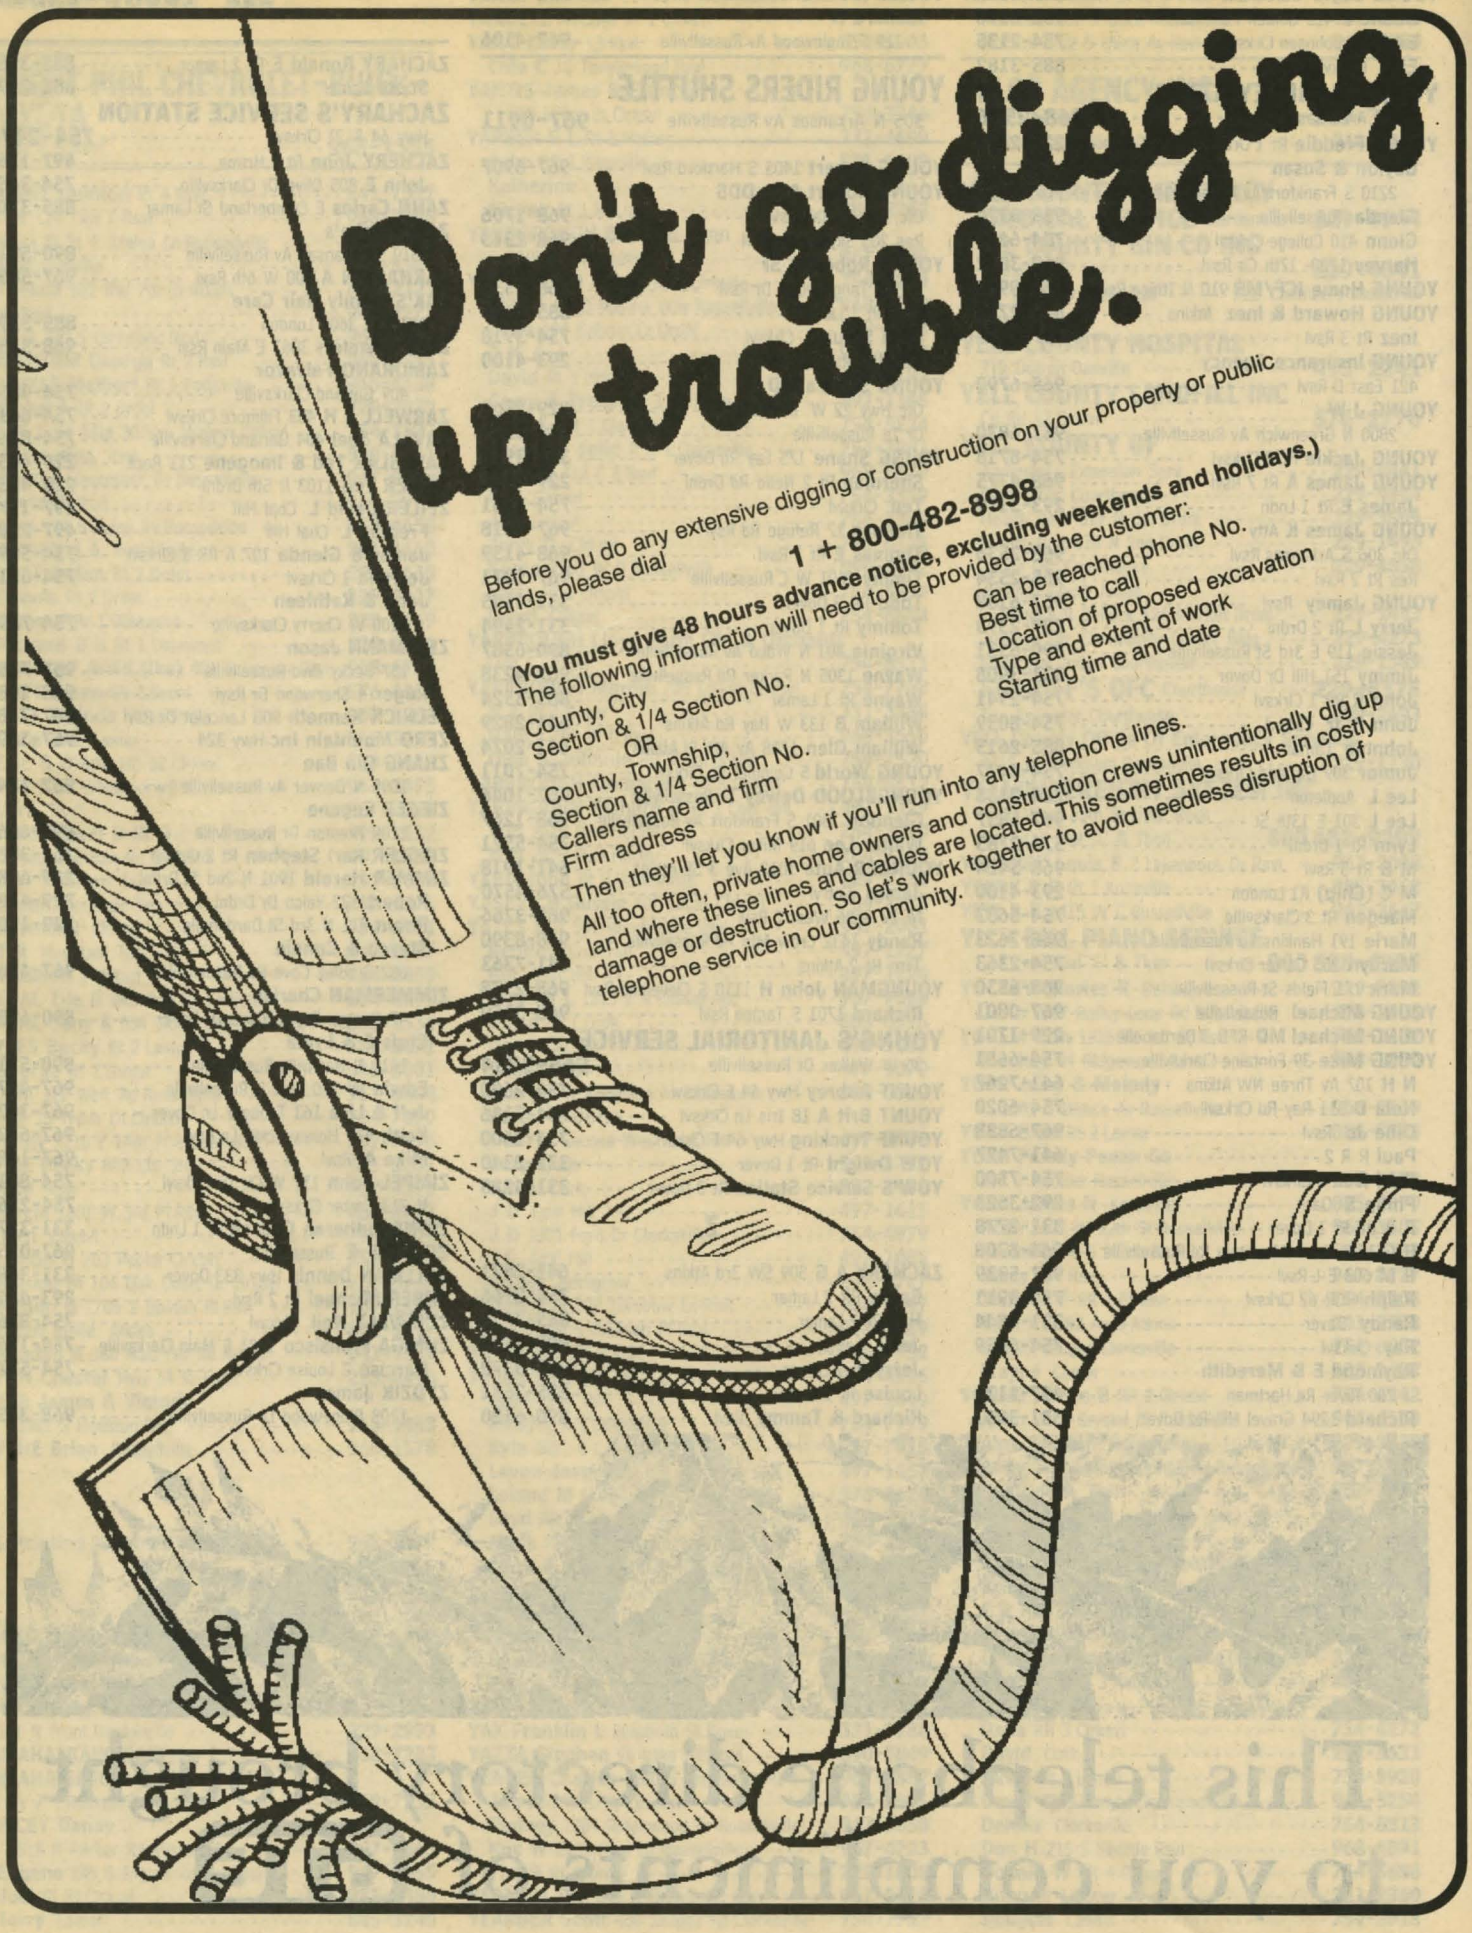
This telephone directory brought to you compliments of GTE

Don't go digging up trouble.



Before you do any extensive digging or construction on your property or public lands, please dial **1 + 800-482-8998**

(You must give 48 hours advance notice, excluding weekends and holidays.)
The following information will need to be provided by the customer:

County, City
Section & 1/4 Section No.
OR
County, Township,
Section & 1/4 Section No.
Callers name and firm
Firm address
Can be reached phone No.
Best time to call
Location of proposed excavation
Type and extent of work
Starting time and date

Then they'll let you know if you'll run into any telephone lines.

All too often, private home owners and construction crews unintentionally dig up land where these lines and cables are located. This sometimes results in costly damage or destruction. So let's work together to avoid needless disruption of telephone service in our community.

Tested Ad Effectiveness

The Size of Your Ad Does Make a Difference

To test the effectiveness of Yellow Pages advertising NEFF Plumbing of Youngstown,Ohio was given three additional new telephone numbers which appeared only in the Yellow Pages–in the three different size ads shown.

A meter was placed on all four phones–the number they already had and the 3 new ones–for a period of nearly a year. The previously existing "old number" rang less than the phone with the smallest Yellow Pages listing!

Retail Sales Statistics Show...

- **In 10 years, 81% of a firm's customers are lost!***
  Some buyers just move away... and some buyers are lost through indifferent treatment or unsolved grievances.
- **Buyers also forget****
  Thousands of advertising impressions are made – but 1 day later 25% can't remember them, 1 week later 97% can't remember them.
- **Buyers change their minds.*****
  49% of the references to the Yellow Pages are made with a specific company in mind, but buyers do change their minds... If they can't find the company they want or if another company's sales message contains the information they are looking for.

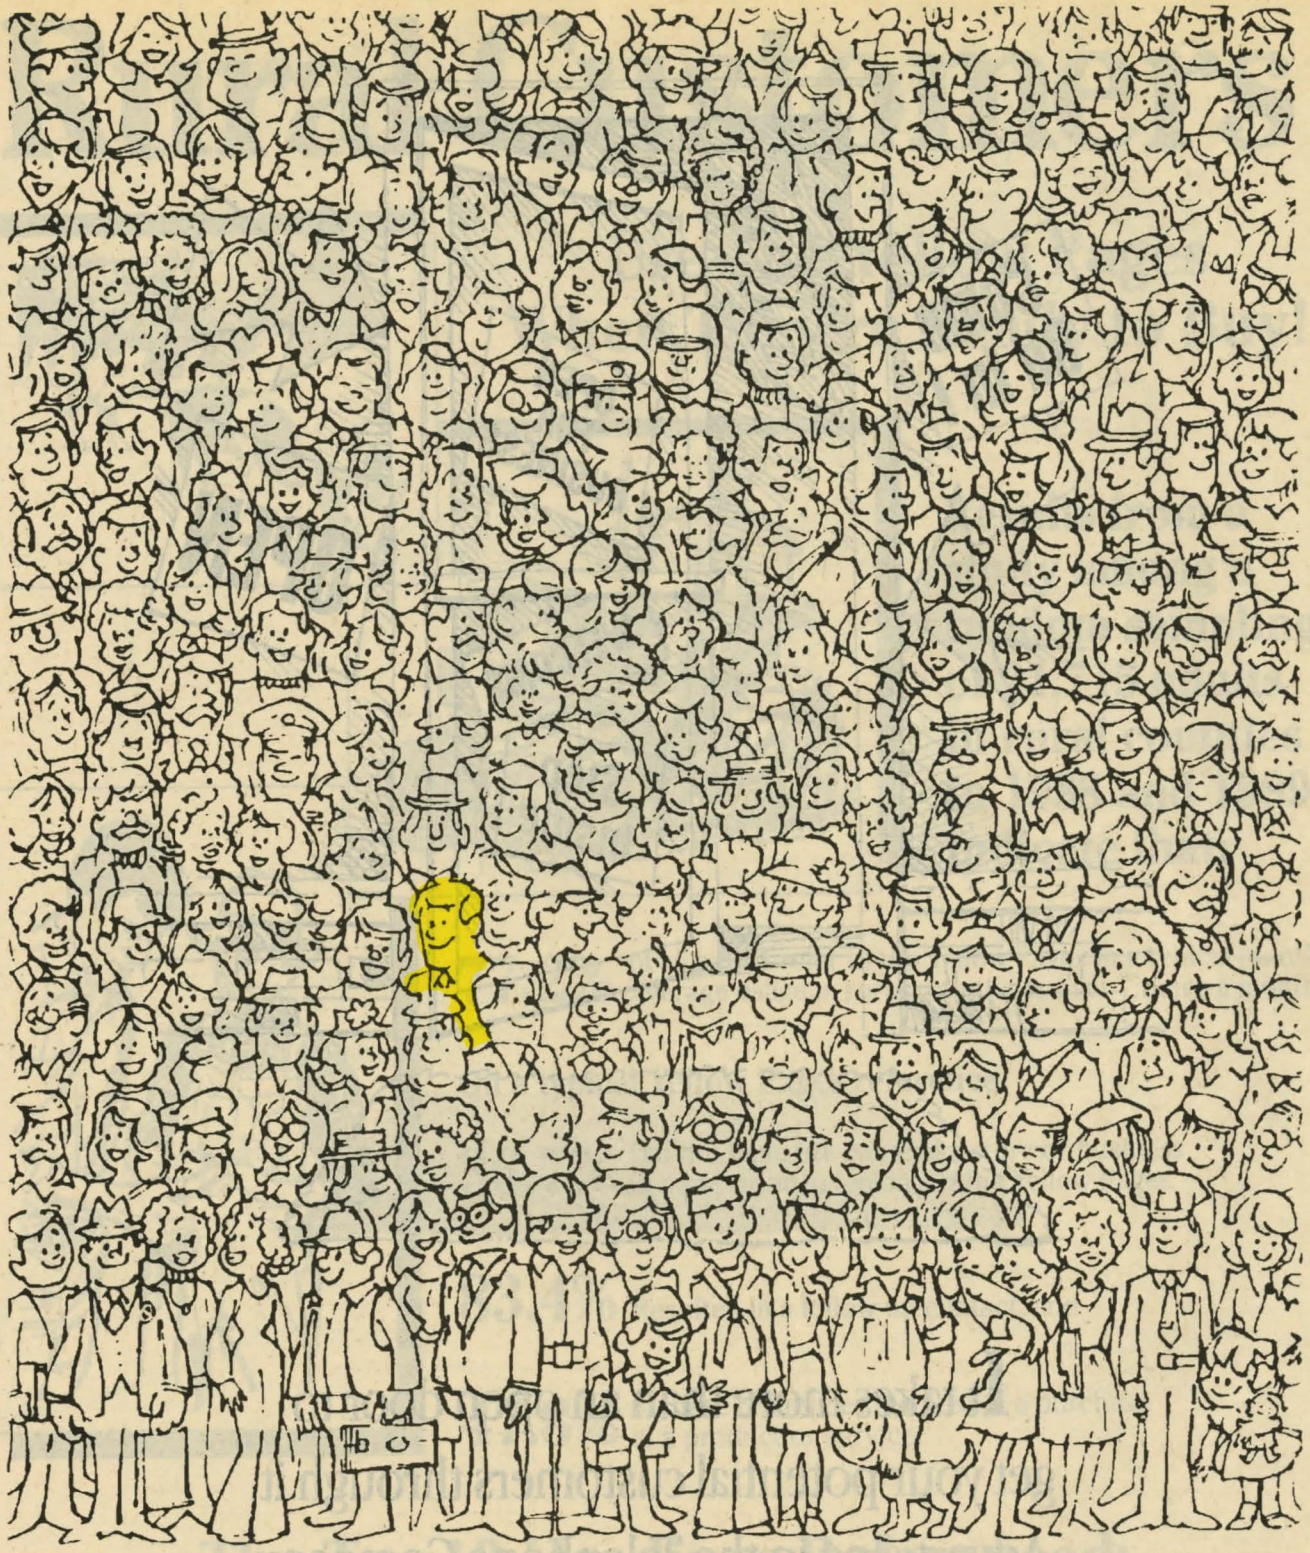
An ad in the Yellow Pages keeps a company's message at the buyers fingertips 24 hours a day...365 days a year.

It pays to keep your Yellow Pages ad up to date with your company's services and products.

It also pays to compare your ads to your competitors' ads. What are they offering your customers?

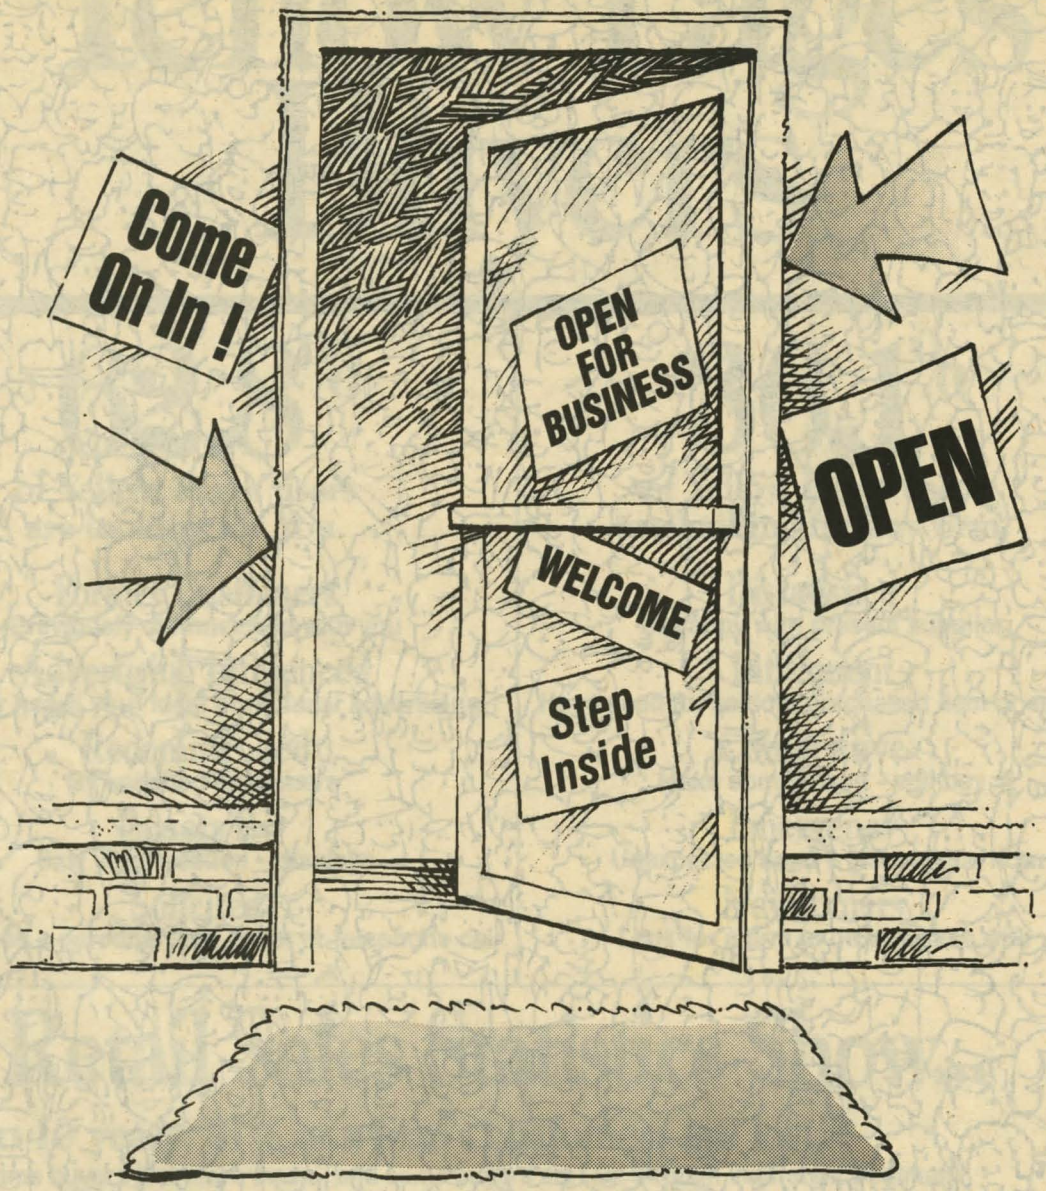
Facts compiled by representatives of the retail field

* Dartnell Sales Research
** Dr. W. D. Scott Pres. Emer. Northwestern Univ.
*** From a study made by Audits & Surveys Co. Inc.



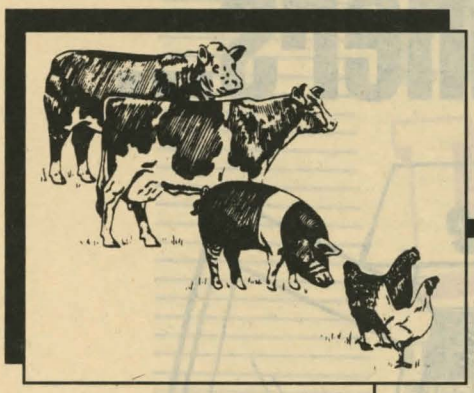
STAND OUT IN THE CROWD!

Put your White Pages listing in highlights. Make it faster & easier for your customers to find your number next time they check the White Pages.

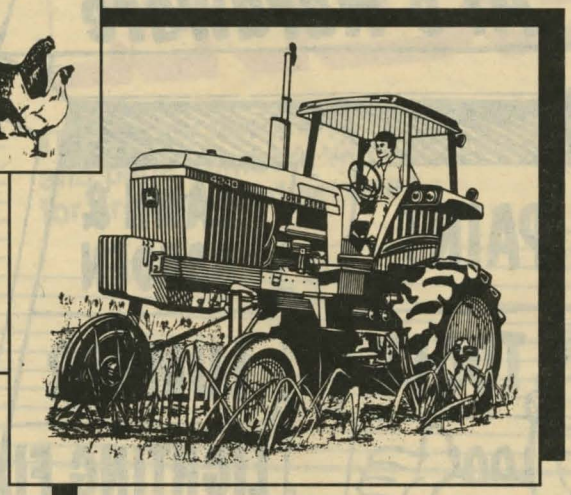


It takes more than an open door to get your potential customers through it. Advertising in the Telephone Company Yellow Pages assures the best coverage available for your advertising dollar.

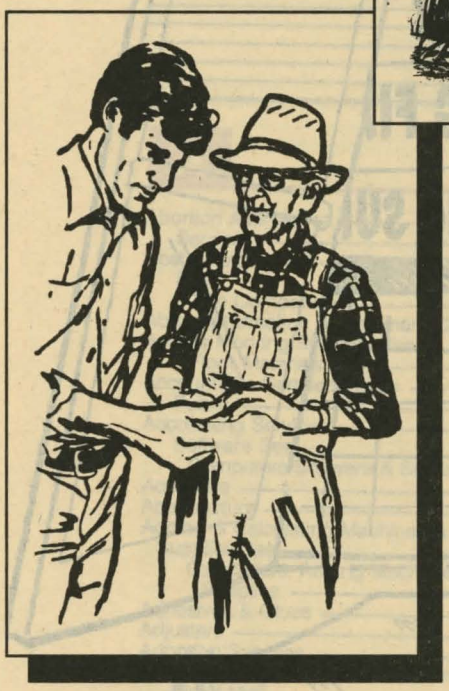
Rural Customers



Use The Yellow Pages When They're Ready to Buy!



Results from a study among a random sampling of 21,715 adults in rural counties in 1988 and 1989 indicate that:



77.2% of all adults refer to the Yellow Pages in a typical month. Average usage in rural counties is over 7 times a month.

On a typical Yellow Pages reference:

36.7% Did not have the name of a store or business in mind prior to looking in the Yellow Pages.

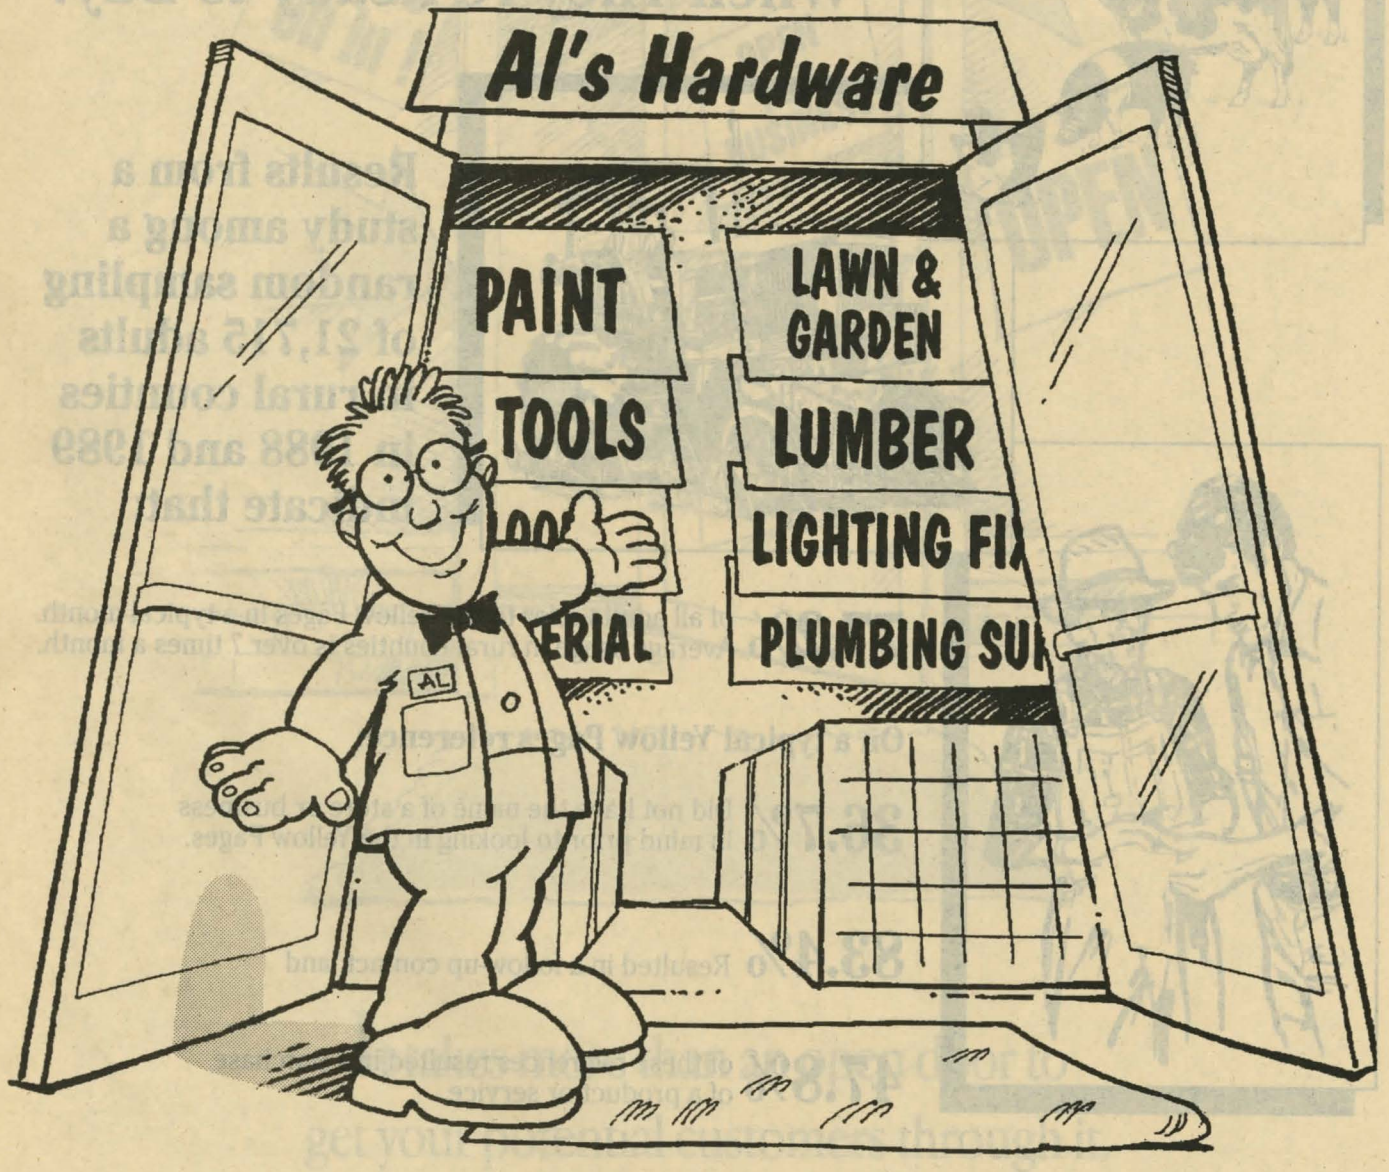
83.4% Resulted in a follow-up contact, and

47.8% of these references resulted in a purchase of a product or service.

The Top 10 Headings Referenced:

1 Physicians/Surgeons
2 Restaurants
3 Auto Parts
4 Pizza
5 Auto Repair/Service
6 Auto Dealers
7 Insurance
8 Government
9 Hospitals
10 Grocers/ Supermarkets

Open your doors to more customers...



List under all the other Yellow Pages headings that relate to your business.

"We're Not Comfortable Until You Are!"

AIR DUCT CLEANING SERVICE

Major Reasons to Clean your Air Ducts

SAFETY
Bacteria, viruses, fungi, dust mites and decaying organic matter are sent airborne throughout your home from their hiding places in your air ducts.

EFFICIENCY
Accumulated debris can restrict the air flow in your air ducts, making your system work harder to heat and cool your home.

CLEANLINESS
When we power vacuum the average Air Duct System it is not unusual for us to remove 14 to 17 pounds of dust, dirt and debris. This is what is circulating throughout your home every time your system turns on.

HEALTH
Air duct systems are home to many substances that can aggravate allergies. Mold and mildew find easy living in the dark, moist interior of your Air Duct System.

Discover why other attorneys send their personal injury cases to us.

For years, attorneys across the state have referred their injured clients to us for steadfast representation. Most cases are settled out of court, but if not we'll put over 30 years of real courtroom experience to work for you. Call us for a free initial consultation and remember if we don't win your case, you don't owe us anything.

David A. Hodges David A. Hodges, Jr.

Discover why other attorneys send their personal injury cases to us.

For years, attorneys across the state have referred their injured clients to us for steadfast representation. Most cases are settled out of court, but if not we'll put over 30 years of real courtroom experience to work for you. Call us for a free initial consultation and remember if we don't win your case, you don't owe us anything.

Use the GTE Yellow Pages

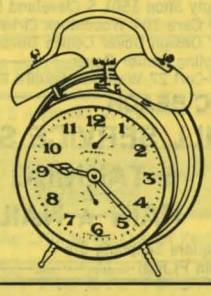
The Yellow Pages Clock Never Winds Down



The Yellow Pages are awake when you are, ready to help you make decisions.

They're there 24 hours a day, 365 days a year, with information on businesses, services, crisis lines, helping agencies, and guides to the city.

Yellow Pages serve you at all hours--they don't punch a time clock.

Is the GTE YELLOW PAGES part of your media mix? Television, radio, newspapers and other media do a great job of reaching customers. However, the GTE YELLOW PAGES plays a unique role among all the places where you can advertise. The GTE YELLOW PAGES are there 24 hours a day. All year long when people are ready to buy products and services.

Is the GTE YELLOW PAGES part of your media mix? Television, radio, newspapers and other media do a great job of reaching customers. However, the GTE YELLOW PAGES plays a unique role among all the places where you can advertise. The GTE YELLOW PAGES are there 24 hours a day. All year long when people are ready to buy products and services.

Retirement & Life Care Communities & Homes

PUBLISHER'S NOTICE

All listings or advertisements for housing published in this directory are subject to the federal Fair Housing Act, which makes it unlawful to make or publish any such advertisement that indicates any preference, limitation, or discrimination based on race, color, religion, sex, national origin, handicap, or familial status, or an intention to make any such preference, limitation, or discrimination.

We will not knowingly accept any advertising for housing which indicates any preference, limitation, or discrimination.

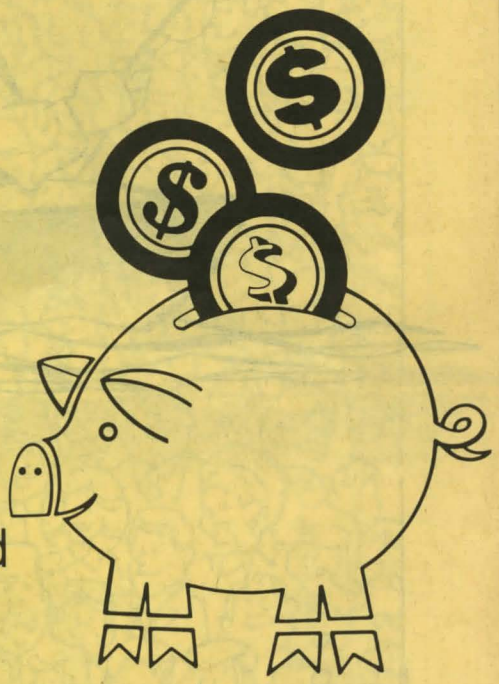
Buy the Easy Way - Use the GTE Yellow Pages

Look through these pages to find out who makes it, sells it, fixes it. You can shop at home easily and comfortably by thumbing through the GTE YELLOW PAGES.

SHOP SMART... Use the Yellow Pages to Pre-Shop



Pocket the money you save from driving around looking for the right item.

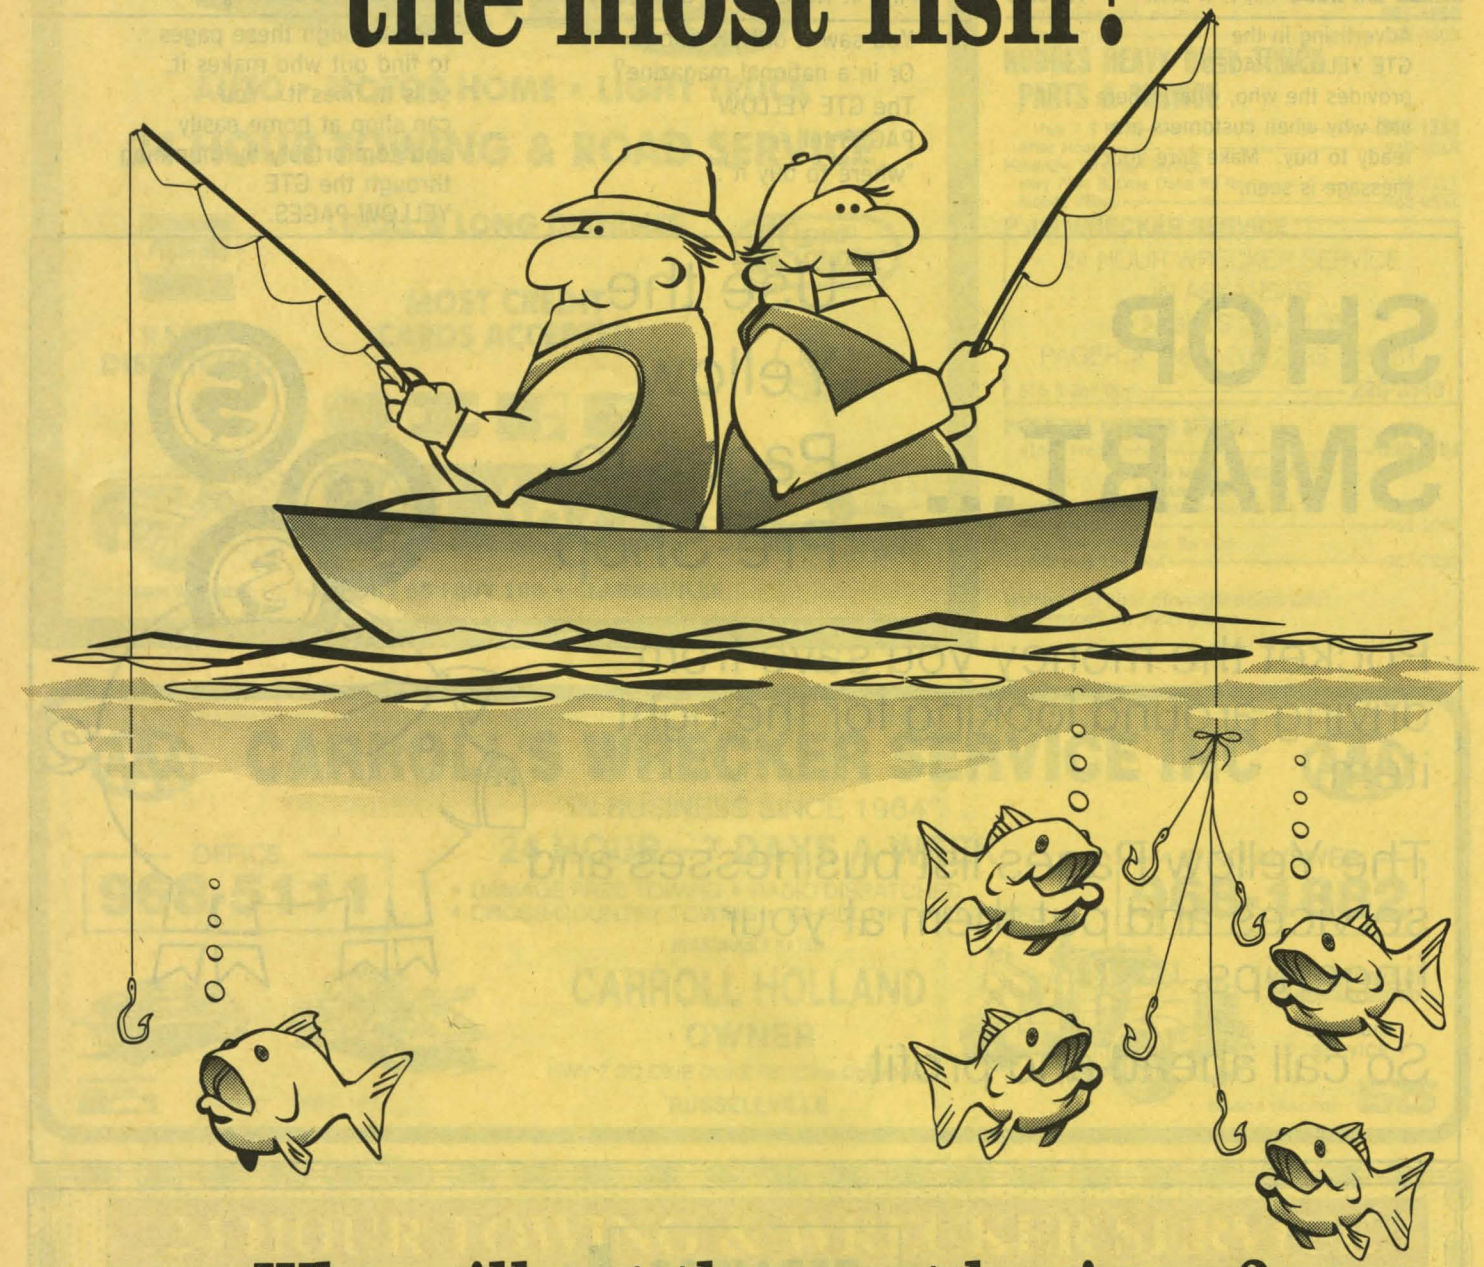
The Yellow Pages list businesses and services and put them at your fingertips.

So call ahead and profit.

REPAIRS?

FIX THEM FAST BY SHOPPING THE GTE YELLOW PAGES.

Who will catch the most fish?



Who will get the most business?

The Yellow Pages Advertiser with one ad under one heading in one directory...

or

The Yellow Pages Advertiser with a number of ads related to your business under various headings and appearing in directories covering your entire market area.

STAND OUT IN THE CROWD!

Put your Display Ad in highlights. Make it faster & easier for your customers to find your ad next time they check the Yellow Pages.

Today's NEW BREED of Consumer looks closer at advertising

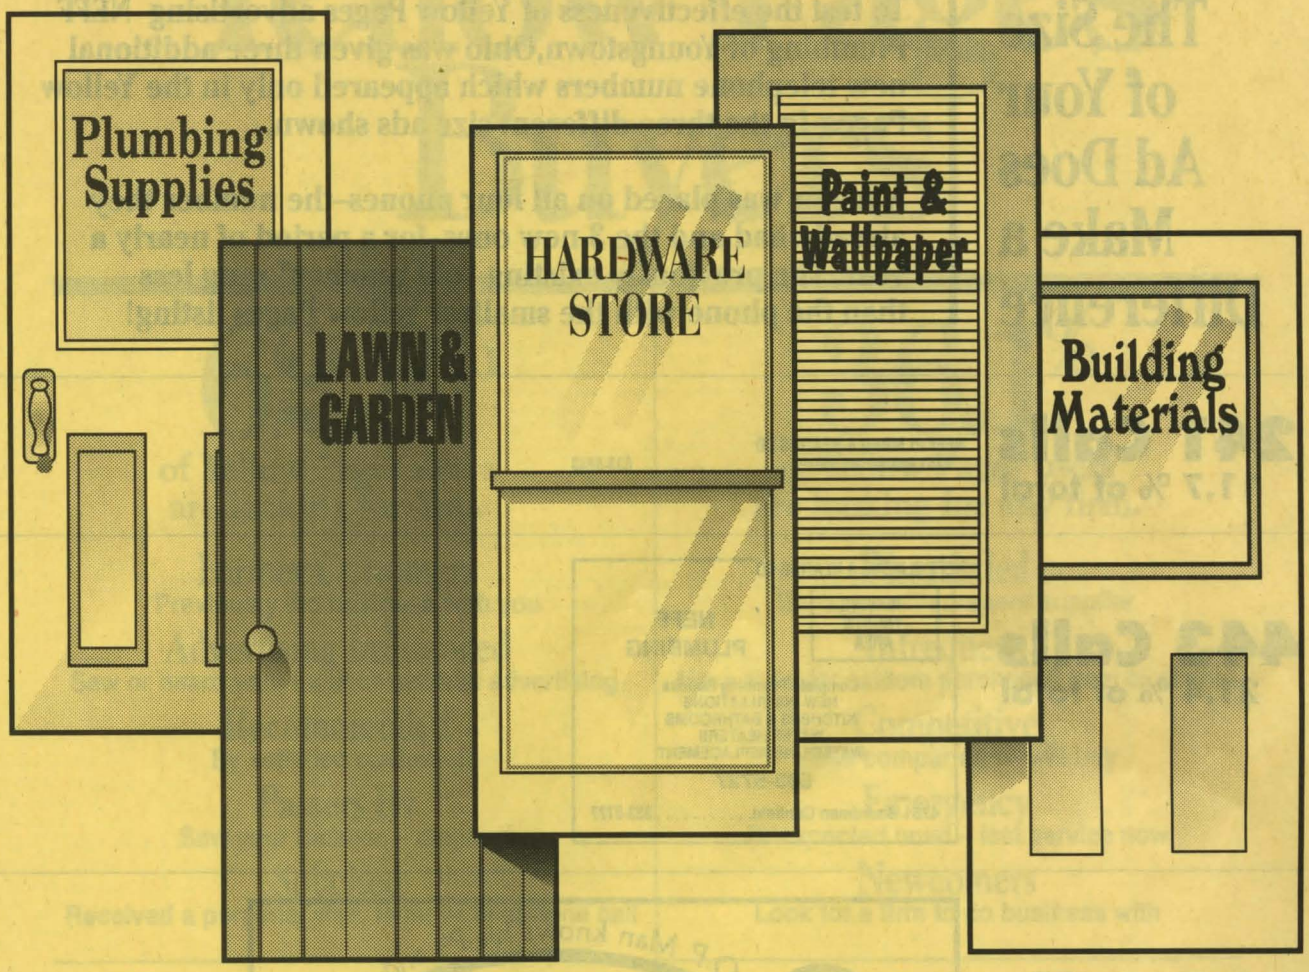
They are concerned about high and rising prices. They are more selective in their buying habits.

85% of the new breed look for and read larger ads.

If you do not say you do it or service it, **71%** assume you don't. and they probably won't call to find out.

If you do not say you sell it **61%** assume you don't.

More than seven out of ten. **74%** do not call to inquire about sought-after information they do not find in advertising.



Opportunity knocks at many doors

List under all the Yellow Pages headings that relate to your business. Don't shut out prospective buyers.

Tested Ad Effectiveness

The Size of Your Ad Does Make a Difference

To test the effectiveness of Yellow Pages advertising NEFF Plumbing of Youngstown,Ohio was given three additional new telephone numbers which appeared only in the Yellow Pages–in the three different size ads shown.

A meter was placed on all four phones–the number they already had and the 3 new ones–for a period of nearly a year. The previously existing "old number" rang less than the phone with the smallest Yellow Pages listing!

Yellow Pages Buyers

62.8%

of Yellow Pages users are looking for You.

Former Customers
Previously did business with you

Advertising Influenced
Saw or heard your local or national advertising

Recommended
By satisfied customers

Passers By
Saw your location – displays

Solicited
Received a personal visit, letter or telephone call

36.1%

of Yellow Pages users are looking for any firm.

Dissatisfied
Unhappy with present supplier

Infrequent
Have need for seldom purchased item or service

Competitive
Make comparison – will buy

Emergency
Unexpected need – fast service now

Newcomers
Look for a firm to do business with

Retail Sales Statistics Show...

- **In 10 years, 81% of a firm's customers are lost!***
  Some buyers just move away... and some buyers are lost through indifferent treatment or unsolved grievances.
- **Buyers also forget****
  Thousands of advertising impressions are made – but 1 day later 25% can't remember them, 1 week later 97% can't remember them.
- **Buyers change their minds.*****
  49% of the references to the Yellow Pages are made with a specific company in mind, but buyers do change their minds... If they can't find the company they want or if another company's sales message contains the information they are looking for.

An ad in the Yellow Pages keeps a company's message at the buyers fingertips 24 hours a day...365 days a year.

It pays to keep your Yellow Pages ad up to date with your company's services and products.

It also pays to compare your ads to your competitors' ads. What are they offering your customers?

Facts compiled by representatives of the retail field
